MANUSCRIPT DIVISION

Scope Note

The papers of the Rev. Richard T. Andrews, Jr. [1912-1974] mainly comprise his sermons, prayers, eulogies, and other writings prepared during his tenure as senior minister of the Mt. Zion Congregational Church of the United Church of Christ in Cleveland, Ohio. Rev. Andrews served this congregation for twenty-one years, from 1953 until his death in 1974. He was a frequent speaker in the greater Cleveland area, and served on numerous religious, educational and civic committees and boards. The papers also include photographs, correspondence, and church bulletins and programs.

The handwritten sermons and other writings were kept in three-ring binders, and organized roughly by year. For purposes of preservation, the writings were removed from the notebooks and rehoused in their original order. Because they were not originally organized in a strict chronological manner, the dates on folder headings as they appear in the finding aid overlap in many cases. A subject arrangement would have destroyed the original order, although such an arrangement would have made a description of the writings much more meaningful.

The collection was donated in 1993 by his sister, Mrs. Carol J. Smith of Washington, D.C.

Series Description

Series A Personal Papers

Box 210-1 This series documents the life and accomplishments of Rev. Andrews. It includes some correspondence and photographs.

Series B Sermons, Bulletins and Other Writings

Box 210-1 Rev. Andrews was a "manuscript preacher," laboriously writing each
to Box 210-4 sermon in longhand. Included here are some of his handwritten sermons
sermons from seventeen years of his pastorate. Also found here are prayers, wedding
ceremonies and church bulletins. Prior to their donation, the handwritten
and other writings had been kept in three-ring binders, and organized
roughly by year. For purposes of preservation, the writings were removed from the
notebooks and rehoused in their original order. Because they were not
originally organized in a strict chronological manner, the dates on folder headings
as they appear in the finding aid overlap in many cases. A subject
arrangement would have destroyed the original order, although
such an arrangement would have made a description of the writings much more meaningful.
