**THEOLOGICAL DEPARTMENT.**

This department—supported entirely by the American Missionary Association and the Presbytery of Washington City—aims to impart a thorough knowledge of the Word of God (in the original tongues to those qualified for the study, otherwise in the English,) with instruction in Biblical and Dogmatic Theology, Church History, Homiletics and Pastoral Theology. The course requires three years, and is open to students of all Christian denominations, bringing testimonials of character, and *prepared by previous education to pursue the prescribed studies.*

**COURSE OF STUDY—Junior Class.**—Moral Philosophy; Natural Theology; Evidences of Christianity; Bibliology (including the history, authenticity, inspiration and canonicity of the Scriptures) with Hermeneutics; Hebrew Grammar and Genesis; Greek New Testament; Harmony and Exegesis of the Gospels and Epistles; Vocal Culture and Composition; and Mission Work, its aims, principles and claims.

**Middle Class.**—Systematic Theology; (Idea of God to and including Fall of man); History and Theology of the Old Testament; Church History (Apostolic Church to the Reformation); Homiletics (with analysis of texts and methods of pulpit prepa-

ration); Harmony and Exegesis of Gospels and Epistles; Hebrew (the Psalms and Prophets); Greek New Testament; Pastoral Theology; Rhetoric, with Composition, and the reading of Scriptures and hymns.

*Senior Class.*—Systematic Theology (Person of Christ to Final Judgment); History and Theology of the New Testament; Church History (Reformation to present time); Homiletics (plans and composition of sermons); Hebrew and Greek till Christmas holidays; Gospels and Epistles; Pastoral Theology; Christian work (organizing churches, Sunday schools, methods of beneficence, etc.); Church Institutions; Rhetoric and Elocution.

EXPENSES AND AID.—Each student pays simply \$5.00 per year for incidental expenses and \$3.00 for care of halls. Washington affords more or less opportunity for earning money by labor, and aid is obtained for the deserving from benevolent societies and individuals, in money, clothing, books, etc., and donations for this purpose are earnestly solicited.

## MEDICAL DEPARTMENT.

This Department gives a complete and thorough course of instruction in Medicine, in Pharmacy, and in Dentistry.

CLINICAL INSTRUCTION.—The students of medicine are admitted to the Freedmen's General Hospital, situated within the grounds of the institution, to study diseases at the bedside. Surgical, medical and obstetrical cases will be seen by the class, under the supervision of the professors, and operations will be performed in their presence in the amphitheater. Clinical instructions occur twice a week. Resident students are selected from the graduating class to serve in the wards of the hospital. They will write prescriptions, under the directions of the professors, and keep histories of all the interesting cases, and assist at clinics.

## SPECIAL STATEMENT.

---

**ADMISSION.**—The Institution offers its full advantages without regard to creed, race or sex. Applicants are often rejected, in all the Departments, because they have not pursued the studies previously necessary. The requirements are higher than in most Southern institutions of a similar nature.

**RELIGIOUS EXERCISES.**—There is a prayer-meeting on Thursday evening, conducted by the officers of the Institution, and another on Saturday evening, conducted by students. A Bible Class and a preaching service are held on the Lord's Day, and there is a daily religious exercise in the Chapel.

**LITERARY SOCIETIES, LIBRARY, CABINETS, ETC.**—Literary Societies are formed in each of the Departments for improvement in elocution, extemporaneous speaking, written discussions, and literary culture. The general library numbers over 11,000 volumes. The mineral cabinet has over 4,000 specimens. The museum contains various articles of art and curiosity.

**AID TO STUDENTS.**—Aid is given to worthy students, who need it, so far as contributions made for the purpose will allow.

**UNIVERSITY SITE AND BUILDINGS.**—The Institution occupies an elevated and beautiful site on the northern edge of the city of Washington, facing the University Park. Two lines of street-cars lead to it. The University edifice is four stories in height, containing recitation and lecture rooms, chapel, library, philosophical rooms, museum and offices. The Medical Building is on the south of the Park. *Miner Hall* is set apart for lady students, together with the matron. The rooms are arranged in suites of two, with two closets, each suite to be occupied by two persons. The basement of this building is furnished as the Uni-

versity boarding hall. *Clark Hall* is for young men, and will accommodate two hundred students. The campus covers twenty acres.

EXPENSES.—No tuition is charged in the Normal, Preparatory, and College Departments. Room rent and care of halls is \$5 per term, or \$15 per year. Board is \$8 per month. *All bills must be paid in advance.* Washing costs \$1 to \$2 per month. Rooms are furnished with bedstead, mattress, chairs, table, book case, and stove; *all other furniture, such as crockery, towels, sheets, blankets, pillows, pillow-cases, and lamps, must be supplied by students.*

## ANNUAL STATEMENT.

---

The facts set forth in this catalogue show the favorable results of the work of another year. The *Theological* Department is aiding several Christian denominations in securing a competent ministry, and is preparing missionaries for Africa. The *Medical* Department keeps up its numbers, and adds to its previous attractions a course in Dentistry, which will open a new branch of business to colored men, and will be an advantage to all physicians in country practice. The *Law* Department nearly doubles its numbers this year, and has an enlarged faculty. The *College* students would be far more numerous, if we had larger funds for the aid of the needy, and if we did not maintain so high a standard in the conditions of admission, and in the studies pur-

sued. But we cannot conscientiously follow the example of those institutions which, under the name of a college course, give to colored students what amounts to little more than a Normal and Preparatory training, and then bestow a degree of Bachelor of Arts. This is misleading, alike to the student and to the public. It gives the student a false idea of his attainments, while it withholds from him an important part of a liberal education; it brings the degree of A. B. into contempt with intelligent men; and it deceives benefactors, by showing a long list of so-called college students, who are not really pursuing a college course. We prefer fewer students and more thorough education. The *Preparatory* and *Normal* Departments never did better work than now—in fact, never before were so advanced in their teaching. Under the efficient management of the Matron—sustained by the Woman's Home Missionary Association of Boston—the *Girls' Boarding Hall* is showing steady progress in the number received, in the rooms neatly furnished by benevolent friends at the North, and in domestic and Christian training. Steps are taking to open an *Industrial* Department, next year, in which to impart, in connection with study, a knowledge of some of the useful arts, which may aid young men and young women in earning a livelihood after they have left school. Special donations are requested for this purpose, to meet the wants of that large class of students who do not enter the professions, but must pursue the ordinary walks of life.

The students—thirty-two more than last year—are from the following States, Territories and foreign lands: Alabama, California, Colorado, Connecticut, District of Columbia, Florida, Georgia, Illinois, Indiana, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Mississippi, Missouri, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Texas, Vermont, Virginia, West Virginia, West Indies and Russia. Through the liberality of Congress, in a special appropriation for the purpose, the University buildings have been extensively repaired, and the main edifice has been pronounced by experts one of the best warmed, drained and ventilated educational buildings in the country. It is hoped that these evidences of progress will encourage benefactors to bestow needed endowments and scholarships.
