EXPENSES AND AID.—Each student simply pays \$5.00 per year for incidental expenses and \$3.00 for care of halls. Washington affords more or less opportunity for earning money by labor, and aid is obtained for the deserving from benevolent societies and individuals, in money, clothing, books, etc.; and donations for this purpose are earnestly solicited.

MEDICAL DEPARTMENT.

This department gives a complete and thorough course of instruction in Medicine, in Pharmacy, and in Dentistry.

CLINICAL INSTRUCTION.—The students of medicine are admitted to the Freedmen's General Hospital, situated within the grounds of the institution, to study disease at the bedside. Surgical, medical and obstetrical cases will be seen by the class, under the supervision of the professors, and operations will be performed in their presence in the amphitheater. Clinical instructions occur twice a week. Resident students are selected from the graduation class to serve in the wards of the hospital. They will write prescriptions, under the direction of the professors, and keep histories of all the interesting cases, and assist at clinics.

MATRICULATION.—1. The department is open to all, without distinction of race or sex, and on terms nearly gratuitous.

2. The applicant must furnish evidence of good moral character.

3. He must possess a thorough English education, and a sufficient acquaintance with the Latin language to understand and write prescriptions and to comprehend medical terms in common use.

Special Statement.

UNIVERSITY SITE AND BUILDINGS.—The institution occupies an elevated and beautiful site at the northern edge of the city of Washington, on a twenty-acre campus, fronting a Park of ten acres, and having the Reservoir Lake immediately adjacent on the east. The *University* edifice, four stories in height, contains recitation and lecture rooms, chapel, library, and laboratory rooms, museum and offices. The *Medical Building* is on the south of the Park, and the *Laboratory Rooms* are on Ninth street near D street. *Miner Hall* is set apart for young lady students and *Clark Hall* for young men. *Industrial Hall* is devoted to instruction in various trades.

ADMISSION.—The institution offers its advantages without regard to creed, race or sex, *but is not intended for beginners.* Applicants will be rejected in all the departments, if they have not pursued the studies previously necessary. The requirements are higher than in most Southern institutions.

EXPENSES.—No tuition is charged in the Theological, Normal, Preparatory and College Departments. Room rent is \$15 per year, payable, \$8 at the beginning of the autumnal term, and \$7 at the beginning of the winter term. Board is \$8 per month. *All bills must be paid in advance.* Washing costs \$1 to \$2 per month. Rooms are furnished with bedstead, mattress, chairs, table, book-case and *all other furniture, such as crockery, towels, sheets, blankets, pillows, pillow cases and lamps must be supplied by students. This must not be forgotten.*

RELIGIOUS EXERCISES.—A Bible class and a preaching service are held on the Sabbath, and there is a daily religious exercise in the Chapel. There is a religious singing on Thursday evening, conducted by the officers of the institution, and on Saturday evening, conducted by students.

LITERARY SOCIETIES, LIBRARY, CABINETS, ETC.—Literary Societies are formed in each of the departments for improvement in elocution, extemporaneous speaking, written discussions and literary culture. The library numbers over 12,000 volumes. There is a mineral cabinet and museum.

AID TO STUDENTS.—Aid is given to worthy students who need it, so far as funds allow.

Annual Statement.

The students in the catalogue are from the following States, Territories and Foreign Lands: Alabama, Arkansas, Connecticut, Delaware, District of Columbia, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Mississippi, Missouri, New Jersey, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Virginia, Bulgaria, Canada, Italy and the West Indies. The increase over last year is 42, a very encouraging fact, as the Law Department fell off largely, from the loss of positions in the Government Departments (by the change of Administration,) on which many of the law students relied for support.

The death of Professor Cyrus S. Richards, LL. D., for fourteen years the head of our Preparatory Department, who died during the vacation, at Madison, Wis., July 10th, 1885, removed one whose reputation as an eminent Classical teacher, at the North and at the South, was unsurpassed. His influence as a man and a Christian was also of great value in the Institution. He had reached the ripe age of seventy seven years.

The sale of vacant lands, owned by the University, has made it possible to create a Students' Aid Fund, and to strengthen the three professional Departments, which have received no aid from the Government, but have done such successful work in despite of poverty. The Medical School has run up to 117 students, and the Theological to 53, exceeding all previous years. Large repairs have been made in the principal buildings; a laboratory for practical chemice work has been established; new alcoves and a few books have been added to the Library, and a spacious Cabinet and Museum room has been provided, which awaits a name from some generous donor, who shall furnish \$1,500, to purchase cases, drawers and other necessary furniture. Experience continues to prove the value of the industrial training which we are giving; but this is greatly limited by lack of resources with which to secure the necessary plant. Important aid has been rendered in the Normal Department, by the Slater Fund; in the Industrial Department, by benefactors among the Friends; in the Miner Hall arrangements, by the Women's Home Missionary Association; in the Theological Department, by the American Missionary Association and the Presbytery of Washington City; and in all the Academical Departments by Congressional appropriations.
