15 January 1945

Dear Mr. Nabrit -

Perhaps you won't recall me as being a little upstart "campus politician" who helped to increase your services ('38-'41) but nevertheless I have never forgotten the interest and enthusiasm you had for us. That you're "still on the ball," as we say in the Army, is manifested in the fact, that I have received the names and names of those who have been the donors of money from the University community. It is impossible to describe the feeling of pride that is aroused by receipt of such mail, and added to that feeling is the knowledge that old H.U. names forgotten her, boys and now. You may be interested to know that the 366 Inf. is now in combat and giving good account of itself. Thanks again for the interest and interest in your people's special.

Graham L. Black Jr.
