The *University* edifice, four stories in height, contains recitation and lecture rooms, chapel, library, and laboratory rooms, museum and offices. The *Medical Building* is on the south of the Park, and the *Law Rooms* are on Seventh street near E street. *Miner Hall*, presided over by the Matron and Preceptress, is set apart for young lady students, and *Clark Hall* for young men. *Industrial Hall* is devoted to instruction in various trades.

**OUTSIDE ADVANTAGES.**—In addition to scientific collections for hand-use and minute inspection by students, at the institution, there is access to the immense collections of the National Museum and the Smithsonian Institution, and also to the vast Congressional Library, the Departments and the sessions of Congress, and of the Supreme Court.

**ADMISSION.**—The institution offers its advantages without regard to creed, race or sex, *but is not intended for beginners*. Applicants will be rejected in all the departments, if they have not pursued the studies previously necessary. The requirements are higher than in most Southern institutions.

**EXPENSES.**—No tuition is charged in the Theological, Normal, Preparatory and College Departments. Room rent is \$15 per year, payable, \$8 at the beginning of the autumnal term, and \$7 at the beginning of the winter term. Board is \$8 per month. *All bills must be paid in advance*. Washing costs \$1 to \$2 per month. Rooms are furnished with bedstead, mattress, chairs, table, book case and stove: *all other furniture, such as crockery, towels, sheets, blankets, pillows, pillow-cases and lamps must be supplied by students, who must also buy their own fuel. This must not be forgotten.*

**MONTHLY LECTURE.**—On the first Thursday of every month a public lecture is given to the assembled students by one of the Professors, or by an invited lecturer of ability, on varied topics of literary or practical interest. Gentlemen of distinction frequently contribute their services.

## Annual Statement.

---

The students named in the catalogue are from the following States, Territories and Foreign Lands: Alabama, Connecticut, Dakota, Delaware, District of Columbia, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Mississippi, Missouri, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Vermont, Virginia, Wisconsin, Africa, Bulgaria, Canada, Germany, Japan, Russia and the West Indies. The total number shows an increase of thirty-nine over last year.

The seven departments have done good work, and the grade of scholarship is steadily advancing. The increase in the Preparatory Classes will soon show itself in the College Classes. Through the generosity of Congress, valuable additions have been made to the Library, the Apparatus of all kinds, and the Cabinet of Minerals, with the necessary cases. The new Chemical Laboratory is a grand success, and promises valuable practical results. The graduates, this year, from the Medical Department, numbered more than at any preceding Commencement. The Law Department is again on the increase. The Normal Department shows a high degree of prosperity. Its graduates are recognized by the Public School authorities, and easily find schools to teach. The Theological Department is one of the most important branches of the University, and offers excellent advantages to students for the ministry, and to pastors who wish to add to their scholarly acquirements. It should attract many more students. The Industrial Department more and more approves itself to the students and to the friends of the University, as adding useful training in practical trades to the literary education given. Congress has furnished the means of putting our Industrial Hall into improved condition. The Ladies' Dormitory, (Miner Hall,) has had double the number of occupants of last year; the training in sewing, cooking, washing and housework has proceeded with marked success, a quiet, firm discipline has been maintained, and much valuable instruction has been given in manners, morals and religion. The University is under obligation for important aid rendered by the American Missionary Association, the Presbytery of Washington City, the Slater Fund, and numerous individual donors.
