Each colored man who takes a step ahead must prove
for his race that a colored man can after all do his
special work as well as a white man.

The presumption is always against him.

~~We have fully 800 or 1000 colored men, because we are Americans Irish & Germans. The colored~~
labor we have is excellent. We have no colored men who drink. They work cheek by jowl with
Irish & when the Irishman has festivity at home he has colored men invited. He introduced
one man at first to sweep up the yard & we noticed the Irish Germans looked at him as kowse.
Then we put them in the boiler room & then we got them in the open hearth in the
forge & gradually we got them everywhere. They are intelligent & docile & when they come in
as laborers unskilled they gradually become skilled & in the course of time we will
make excellent foremen out of them. No difference in wages of Negroes & Whites in
the same grade of work.

Indianapolis employer:
I've tried Negro help over & over again no way to help out the condition
of Negro idleness we have here. I have had 2 or 3 good Negro workers, but so many
of them have been wholly undisciplined, irresponsible & sometimes actually
dishonest that I've given up trying. When I hear that an applicant is
colored, I don't employ him.
