else should be given an opportunity.

Don't count the time in chapel when an impromptu speech is being made, even if 15 minutes lost by each of the 600 students amounts to 6 days 6 hours.

Don't ask Herring anything about this.

---

An obstreperous Middler brought his classmate to chapel, accompanied by her mother. Upon taking his seat between the two, mother mildly remarked, "Daughter, you might catch cold by the window."

Soon the lights were lowered. Mother boldly said: "Daughter, I know you'll catch cold by the window."

### **A CURE FOR LOVE.**

BY S. E. BURKE.

Take 12 oz. of dislike, 1 lb. of resolution, 2 grams of common sense, 2 oz. of experience, a large sprig of time, and 3 qts. of cooking water of consideration. Place them over the gentle fire of love, sweeten it with the sugar of forgetfulness, skim it with the spoon of melancholy, cork it with the cork of clear conscience. Let it remain and you will quickly find ease and be restored to your senses again.

These things can be had at the apothecary at the house of Understanding, next door to Consideration, Thanksgiving Street, not far from Christmas.

All lovers of the kindergarten of Miner Hall take this and relieve Miss Jackson of so much worry and anxiety.

---

## **THE PIERIAN LITERARY SOCIAL CLUB**

---

During the past winter the young ladies of the Academy and Commercial Department came together and formed themselves into a club which aims toward a better development along literary and social lines. There were two or three very interesting meet-

24.

ings held. It is hoped that next fall the young ladies will return with the purpose of doing more effective work in their club. The officers elected were as follows: President, Miss Marie J. Purvis; vice president, Miss Harriet G. Heard; secretary, Miss Alvesta P. Lancaster; treasurer, Miss Shirley L. Cecil; journalist, Miss Letitia E. Williams; critic, Miss Maud S. Wilson.

## THE Y. M. C. A.

---

Owing to the zealous Christian spirit and deep interest manifested in the Y. M. C. A. of the University by the teachers and students the association has been growing very rapidly for the last two years. This year particularly has been a fruitful one for the association, for much good work has been done. The association began the year by giving its usual reception at the opening of the fall term. During the year the association has been frequently addressed by some of the ablest thinkers and most earnest Christian workers of Washington. Much stress has been laid upon the study of the Bible. Two sections have been studying "The Men of the Old Testament," and two "The Life and Works of Jesus." The Missionary Committee has been active and effective both in the University and in the city. Other committees have been at work. Three-fourths of the members of the association have been supplied with employment through the Information Bureau. Sunday morning prayer meetings have been established and a reading room has been opened in the Y. M. C. A. rooms of Clark Hall. The strides of advance made by the association this year have been long; let us hope that the strides of next year will be even longer.

---

The pros and cons of subjects have been hot in the Eureka this year. Much important business has been disposed of and many good programs have been rendered. The society has material ready to pull off a debate with some nearby high school or academy. Consent from faculty is only lacking.
