# From the Editors Notebook

- 2 It takes a reader to appreciate good writing; a professional to judge the achievement of another professional. And in the judgment of the Council for Advancement and Support of Education, *New Directions* is among the best magazines in the country. On top of last year's "TOP TEN" award, the magazine received another award this year. Needless to elaborate, the magazine continues to make a lasting impact not only on campus but also on national and international levels. Below is a reproduction of the citation presented to the editor by the Council for Advancement and Support of Education.
