Capacity crowd hears Angela's call for freedom in Cramton

Angela Davis attempts to get her point across.

By Dominique Person

Angela, merely wearing typical prison garb, attempted to display some of the charges on which she was convicted, and was playing the role of Angela Davis in an attempt to get her point across.

Mrs. Davis talked about the fact that she was convicted of murder, and was playing the role of Angela Davis in an attempt to get her point across.

Although the decision is legal, Mrs. Davis argued that this is a case of involuntary manslaughter, and that the death penalty was unconstitutional.

Tempe B destroyed by fire

By Barbara Stith

Temporary Building "B" was destroyed in a fire last Friday due to a bomb that was exploded in the building.

According to the official report, the fire was started by a man who was acting as a member of the bomb squad.

The building was occupied by the engineering department, and was considered to be a major loss to the university.

Due to final examinations, this is, regrettably, the final issue of the Hilltopper for this fall.

Norwood announces plans to solve parking problems
By Morton Allen

The board of directors, new members and faculty members will be charged with finding parking solutions. "Parking" on the streets surrounding the campus will not be an option," Norwood said. "We want to have a system that will work for all of the people." Among the issues to be addressed are how to use the new Chinese Cultural Center's parking lot for student parking. The Chinese Cultural Center's parking lot is a potential solution to the parking problem. However, Norwood said that the current parking lot is not large enough to accommodate all of the students. "We have to find a way to make the most of the space," Norwood said. "We are looking at ways to increase the capacity of the parking lot, and we are exploring the possibility of using the new Chinese Cultural Center's parking lot for student parking." Norwood also said that the university is looking into the possibility of expanding the parking lot by acquiring land from the city. **Business Tips**

**By Earl Johnson**

I ask across a few tidbits of information that I thought you'd be interested in and this is the one that I'm going to tell you about today--what to do in the event of a fire.

In the event of a fire, follow these steps:

1. **Call the police** immediately.
2. **Evacuate the building** safely and quickly.
3. **Use smoke alarms** to alert others in the building.
4. **Stay away from smoke** and gases.
5. **Follow the escape routes**.
6. **Do not re-enter the building** until it is safe to do so.

**Credit Card Tips**

Credit cards are designed to provide convenience and security. Here are some tips on how to use them:

1. **Shop around for the best rates**.
2. **Use credit cards wisely**.
3. **Pay your bills on time**.
4. **Keep your credit usage low**.
5. **Report lost or stolen cards immediately**.

**Letters to the Editor**

**By Francine E. Holley**

"...it has been a pleasure to read your letters..."
The Sty of The Blind Pig is a play written by Phillip Hayes Dean, and it is currently being performed on the stage of Ira Aldridge Theatre. This play, directed and designed by Stuart Bascombe, and featuring the singing of the Anthony Booker Singers as a backdrop, is now the number one show this year. We'll just have to sit back and watch as the audience claps as soon as you hear it.

The overall production, that is, the combined efforts of all concerned (actors, producers, director, designers, musicians, and choreographers), is an11ther sinner saved. The Players gave us an extended version of the show, which has made us appreciate the beauty of the production and its impact on the story. We have been hailed by some as being one of the greatest since their last production, and we can look back on this as one of the best in comparable settings.

HILLTOP

Poll

BY IVONNIE WILSON

"We all know more than four" rang through the air as when a few Blacks walked in, but initially enough, more Blacks were elected to Congress than ever before. Some people felt that this was a sign that Blacks, if they were not elected to Congress, were being hurt by a large margin, he could not hide the purpose of Blacks. (Others felt that even those things which are not Black-owned schools are still more than "the real" issues.)

HILLTOP decided to talk to people who were interested to find out how people felt on the question. "It seems to the fact that Nixon was a president and that more Blacks were elected to Congress that we should do. Ask them from the student's Pacific change in the opinion?"

YES

NO

During the presidential campaign, a great many Blacks entertained, and their support of Nixon. Black people will immediately think of learning their votes. This is why HILLTOP is asking, "What do you feel are the reasons why you voted for Nixon?"

HILLTOP asked this question because the election results are not enough, Nixon had other Black supporters such as his Secretary of State, Shulman. Without a set, the question is...

Booster: Fly Me to Miami

by Winston J. Valley-Arthor

We became house and strangers - to the N.C.A.A. Conference opening on the 15th of December says so, but the Howard University, Home of the Bison however took another look at step by step. Now the third string N.C.A.A. chamption is competing in the University of Pennsylvania, S.U. of Franklin Field in Philadelphia.

The game ranked No. 1 in the nation. Penn and Howard have been defeated the University of Pennsylvania, S.U. of Franklin Field in Philadelphia on Saturday but.

The Bison came out with high spirits and took the game to the Bison. They were up to the task and they over powered all on the playing Arts-Euro. These players played well, being the first to have an edge in a full opportunity of keeping the ball and running away from the second ball. During this period Penn had at least three possessions and scored at the last minute, as if the contest was off the results. The Howard offense scored by running very smoothly. From the left, Howard was able to take the ball. There was no running problems controlling the ball and offense. Finally he got to the final goal with the position to score a goal. With a goal in the rear, Howard would have been in the lead. This only died the entire game. While Howard was able to take the ball and score a goal, the Bison were reminded of the Second set when Howard was able to score a goal. This was the deciding factor in the game. It was a perfect game for both teams. From the last minute to the final goal, Howard finally won the battle by kicking the ball into the net with 4 minutes left in the half. The Bison never scored another goal and the Howard fans sang the national anthem. The final score was 0-2.

Frank O'Brien scored his second goal against Penn. Staten won 1-0.

Frank O'Brien scored his second goal against Penn. Staten won 1-0. Both teams were playing their best, with their hands full through the entire game, and it was a goal. QUESTION: HOW DO YOU FEEL ABOUT PAYING TUTION NEXT WEEK?
1. Ronald Henry, Pharmacy Senior
   I think personally that the Administrators should be more sensitive to the people it serves and by this they should realize that some of the students will have their money paid.
2. Lynette Goins, Liberal Arts Senior
   It's much too soon. Especially since it's near the holiday season. The Administrators must realize that this time of year, students are worried about how they will meet this bill. They should be more considerate.
3. Marvin L. Brown, Liberal Arts Senior
   It is fucked up. They don't allow a student a chance to get them together financially, much less academically.
4. Marsha McLaurian, Liberal Arts Senior
   I believe it's premature especially since many of us have just finished paying the previous fees. Also students are involved in Xmas expenses and travel.
5. Vega, Senior in Liberal Arts
   Fortunately, I'm not paying tuition this semester and if I had to, I wouldn't be able to save money. Usually, the time of year, I believe the policy is taken care by the Administration to relieve the over-population problem on campus. It is unfair to students.
6. Fola Awosuce, Pharmacy Senior
   It is unfair and the Administration should consider all.
7. Joseph Olaniyi, School of Business
   It is unreasonable.
