## Scope Note

The papers of Dorothy Boulding Ferebee (1898-1980), physician, administrator, and activist, cover the time period from 1919-1980. Dr. Ferebee served as a professor of obstetrics at the Howard University Medical School and as Director of Howard University's Health Services, while she maintained her private medical practice. The collection includes correspondence, speeches and writings by Dr. Ferebee, and materials from various professional organizations. There are approximately 17 linear feet of material. The papers were deposited at Moorland-Spingarn in 1980 by Carol Ferebee, wife of Dr. Ferebee's son Claude.

The bulk of the material documents Dr. Ferebee's roles in the following organizations: Alpha Kappa Alpha, the Girl Scouts of the U.S.A., National Council of Negro Women, D.C. Commission on the Status of Women, Southeast House, World Health Organization, and The Women's Institute.

Of particular note are materials chronicling Dr. Ferebee's participation in Alpha Kappa Alpha's Mississippi Health Project in the mid-1930's. Also included are organizational materials from Southeast House which Dr. Ferebee founded in 1929, and materials covering her travels to Germany from 1951-1952 for the U.S. Department of Labor to study the status of women in Germany.
