## ALUMNI NOTES.

---

Miss Jimmie B. Bugg, of class '09, is teaching mathematics (algebra and geometry) in Morgan College and Industrial Institute. She writes that she is getting along nicely and enjoys her work very much. She wishes success for the HERALD, and adds, "best wishes to the class of '10."

Miss Calpurnia Chimm, class '09, is at the Institute for Colored Youths, Cheyney, Pa., taking a course in domestic science.

Miss Ardelle M. Smith taught school at Keysville, Va., the first part of the term. She is now at her home, Lynchburg.

Mr. Francis E. Miller, Academy '06, and dentistry '09, is doing well in his profession at Muscogee, Okla.

Miss Armintha McNeill, class '07, since her graduation has been teaching in Sardis Industrial College, Sardis, Miss. Her work has been excellent.

Miss Irene H. Coeper is now in Aberdeen, N. C., and is planning to teach in the public schools at her home, Roanoke, Va.

Miss Edna M. Brown, '09, is teaching in Florida.

Many of the members of the present Senior Class will come back next year and enter the College of Arts and Sciences and the Teachers College; Messrs. B. H. Quarles and Huskerson will go to schools farther north; Messrs. Burleigh, Alleyne, Roane and Wright, the medical department; Messrs. Burke, Buckner and Howell, the dental department, and Mrs. Sandors and others of the normal course will teach.

Stratton, the end, who was the hardest tackler on the squad; Franklin, who could carry eleven men on his back for a five yard gain; Sample, another plucky end; and Johnson, our next year's guard.

Following football came the season of basket-ball. Among the most notable players of the year were Franklin, Wilson, Layfayette and Dunlop, of the invincible "Preps.," Taylor of the Varsity and crack Y. M. C. A. teams.

The "Preps." are well represented also on the baseball team this year. There is Brown, as usual, holding his own in short stop; Lane, who would, if he had the chance, make Barco and Hodge make a noise like subs.; and Turner, who is one of the best twirlers on the diamond, as was shown on Saturday, April 16th, when he held down the Interior nine. After the game was apparently lost for Howard, he came to the pitcher's box, and turning the tide of defeat, held the winning nine to a tie. The "Preps." are holding their own in athletics as elsewhere. Watch the "Preps." carry away the honors on May 14th at the Out-Door Track Meet.

Interclass baseball has been played considerably this year. The Sub-Middle nine has been victorious over both the Junior and Middle nines. They have a game to play with the Seniors, but it is understood that the victory is theirs. The "Subs." are the champions of the department.

#### SOME OF THE VALUES OF PHYSICAL CULTURE.

The advantage of physical culture as a means of developing a vigorous body and of promoting general health cannot be questioned. Though, like many other good things, it is liable to abuse, and, by too violent or too long continued exercise, the body may be injured instead of being benefited, yet with the observance of moderation, none but good results need be anticipated.
