Tuition hike figure still a secret

By T. DENISE AUBURY
Hilltop Staff Writer

The reality of a tuition increase for the 1984-85 academic year remains closely guarded secret in the Administration Building today.

The word finally came from the office of Dr. Carl Anderson, vice president for Student Affairs, that there will be a tuition increase. The amount of the increase will be made known through individual letters which will be look out in the near future. The Student Affairs office would not announce the amount of projected increase.

On Feb. 6 Dr. Cazeem Sam said that the tuition increase would be available to the office of President Charles R. Johnson by the Feb. 20th. He said that he himself could not disclose the information.

The work of Feb. 20, the administrative offices related to disclose any information about the tuition increase from the office of Dr. Cazeem's office said that the information could be obtained from the office of Affiliated Agencies. A secretary in the office of Affiliated Agencies was not available for comment, but there had been no word of a tuition increase. She said that she had received a few letters from students who were not interested in the increase.

It was decided by the office of Dr. Cheek's office that the increase would be calculated and that the letter would be sent to the students who were not interested in the increase.

A source in the office of Dr. Anderson, said he was advised to inform special classes that a tuition increase will be affected, but details of the increase would not be made known to the students via mail or letter in the near future.

Charter Day Observation

Howard celebrates the 117th anniversary of its founding during Charter Day Convocation. The Convocation will begin at 11:00 a.m. and will be followed by a ceremony to lay the cornerstone of the $3 million, five-story classroom building which will house the School of Business and Public Administration.

The Charter Day festivities began last night with a candle-lighted tour of the Washington Hall and Towne Hall. The high attendance of the university was notable.

The recommendation states that "in special cases freshmen estimates may satisfy a combined SAT score of 750 (SAT equivalent) of 300, participate in a meaningful scoring program and follow-up course, and submit supporting letters of recommendation emphasizing their college potential, extracurricular activities and senior high school grades (minimum, 3.0)."

In addition, the recommendation states that in special cases "in extreme cases, students may submit a report of special interest, such as special skills such as music, art, dance, sports, etc., and submit supporting letters of recommendation emphasizing their college potential, extracurricular activities, senior high school grades (minimum, 3.0)."

The recommendation has created controversy among Howard University's student community, with some students expressing strong opposition to the recommendation.

Because of the large number of recommendations, there is considerable concern that the recommendation may be in conflict with Howard University's admission standards.

"I am sympathetic toward Howard University's recommendation, but I believe that SAT scores should not be used to raise the admission standards," said Professor Robert Smith, director of the political science department.

Assistant Professor Robert Smith, director of the political science department, said he was favorable in the recommendation. He said "Black people, we know, always score 100 points lower than whites, but because they are less intelligent, but because they have been valuated by an unequal education."

Dorm rates to increase this Fall

By JOHN C. BRAZINGTON

Hilltop Staffwriter

Army Officer Candidate School (O.C.S.) Is a 14-week challenge to your mental and physical toughness. It isn't easy. But you'll learn what's deep inside you. That what you have it, you'll take out strong, sure in your ability to lead, and in great shape. You'll be a commissioned officer in the Army, ready to exercise leadership skills civilian companies put a premium on.

If you're about to get your degree in engineering, the O.C.S. challenge could be just what you're seeking. Call your local Army Recruiter.

Housing Director William Keene this week announced that university dorm rates may increase by as much as 25 percent next semester.

Keene attributed the Board of Trustees' recent decision on the increase to an effort to reduce the university's deficit.

"The decreases are supposed to be self-sustaining," said Keene. "Currently they aren't. These increases will make the descents self-sustaining.

Keene added, "There are so many people to whom the new rates, more than those people who score 750 mark. 50 percent or fewer get better results." said Adams.

"We believe," Adams said, "that we aren't overcharging for folks, because we have the 750 score, but we are leaving the quality of the chance.

Adams added, "High schools are, beginning to put more emphasis on basic math, English, and reading. If high schools are asking more from the test, the college should be the beneficiary of this growth. You expect great things from everyone; they do great things.

However, Smith added, "What percentage of the students below the mark require remedial work, are on probation, are not working hard, are not those people who don't. We asked but we did not get any answers.

Adams said that of the students below the mark, 50 percent or less have academic difficulty. He added that of the students in the class, 60 percent are receiving information packets on the percentage of students are remediation, the percentage of students that dropped out and the percentage of students needing remedial help.

"We believe," Adams added, "that somewhere to see results, if any, from the new 14-week class. However, we will continue looking over the history of the school and its students, the level of access, grade point averages and overall performance of the effects. What we will see affect future de-"
Within Howard, as a student-government official,2 I am often asked, "What do you hope to accomplish?" As we have heard before, 3 the answer is simple: to help students to have more of an impact on the government. I do not mean that I agree with all of the student-government officials. I am sure that there are a few who do not have the best interest of the students at heart. However, I believe that there are many who do. Glass: That's what we have been promoting on our platform. We feel that every student campus has a need and the liberal arts as long as the student body has a reputation for building educational institutions and a business at the same time. What we would like to do is to work within the framework of this system. So we're not going to be as narrow-minded in letting you in only one opinion because there are many more voices that are important, and as the arbiter of what is right and wrong. But we think that the students that do not necessarily feel that they have the means to go from there. "If Liberal Arts has to have it, then it is a fundamental entity on all universities and students should have access to it."

Jackson: I don't feel that the students should be forced to take an exam in Liberal Arts where it is not concerned with other schools. Secondly, we are also talking of raising the cap in the student. The college is struggling with the cap. The Byrd/Fields option is not for 1982 and 1983.

Cathcart for President

After careful deliberation and consulation with my colleagues, I have decided to run for the office of Howard University Student Association president and vice president. The Hilltop has decided that the topic of Christopher Davies Cathcart and Marion Jenkins is the topic of the majority of the student body for the USA presidency.

The campaign slogan is "A Fresh Start." The whole story about the candidates. Indeed, student government in this administration has been facilitated because student government has been fast becoming an afterthought and do very little work. Cathcart and Jenkins are the candidates. They can possibly run the school like it should be run, and really get things in gear.

In a year's rerun, the office of the president is funded by the students. The Hilltop is a necessity of the student body for a Howard University Student Association administration, although both were HUSA volunteers from different semesters.

The two are staunch supporters of the nation, a belief that if we need a change in the government, that is the time we need to introduce new candidates. Both are integral parts of the student body for New Orleans. They are members of the Howard Student Government and have been in the student government for four years.

Black Music is Being Integrated

In America there is something new developing. It is black music. Television is constantly taking away the facade of the image of the Negro. Black music is being integrated into the nation's music. In the nation's music you will find a mixture of Negro and white vocalists. Black music is the result of Negro vocalists being influenced by white vocalists. Shirley Horn Fete set for Saturday

By MICHAEL GLENN
Hilltop Staffwriter

Get ready to shake your bones and snap your fingers when singer/pianist Shirley Horn joins other top jazz artists

As a part of Mayor Marion Barry’s "Shirley Horn Day" celebration, now slapstock Buck Hill, bassist Steve Novosel, pianist Ellsworth Gibson, and drummer Steve Williams are scheduled to perform with Shirley and her trio.

Produced by the Chez Jazz Society,

Shirley Horn’s concert begins at 8 p.m. in Temple Sinai, 3100 Military Road NW, Washington, DC.

General admission to the concert is $11, but Howard University students can attend the event for $9 with Howard ID.

Shirley’s jazz career is a history in itself. When Shirley was 4, her mother encouraged her to play piano because she became bored with Shirley in classical music. But Shirley’s interest set to something different.

Fascinated with jazz, the native Washingtonian, performed with the National Guard Band and the military band in the service. She also won a scholarship to the Juilliard School in New York, but did not attend.

&#8220;Jazz is my life,&#8221; Shirley said. "I feel like the music has its own rhythm and soul." Shirley has played in several Washington nightclubs, and a menagerie of "ripped off" names.

Shirley said, "I am aGlen Miller girl. I love to hear his music and the way he played his trumpet. Whenever I hear his music, I feel like I am back in the 1930s."

Shirley has been performing professionally for over 30 years, and her concerts are always sold out. She has also been nominated for several Grammy Awards.

Shirley Horn was inducted into the National Jazz Hall of Fame in 1997, and she has received numerous other awards and honors.

**Footloose is poor Flashdance copy**

It was only a matter of time. Even a presidential proclamation couldn’t have stopped it. As expected, a snowstorm "Flashdance" is now shaving around hundreds of movie screens around the country.

The "Footloose" story of teenage defiance and rebellion is now showing at a theater near you.

The story begins with a young teenager Ron MacCracken, who moves from a small town to a big city to escape the local trouble by doing what he is supposed to do—going to school and doing his homework. But when Ron arrives, he finds himself surrounded by bullies and the grad.

The story gets even more complicated when Ron learns that his father, played by John Travolta, is a police officer and the grad. Ron decides to stand up for himself and his father.

The story follows Ron as he learns to control his temper and to use his intelligence to win the bullies. He also learns to cope with the pressures of high school and to make some important decisions.

The movie has received mixed reviews, with some critics praising the performances and others criticizing the plot.

The movie stars John Travolta, Rob Lowe, and Jamie Lee Curtis.

**The search is on for talent in D.C.**

If you know how to sing or play a jazz instrument, join the competition and meet the community. The competition is open to all D.C. residents and will be held on April 9th at 8 p.m. in the Convention Center.

The competition offers a division for instrumentalists and vocalists, as well as a separate division for children and families.

For more information, call 576-6701 or visit the competition’s website.

Shirley Horn, the famous jazz singer, will be the special guest to the competition.

The competition will be held at the Old Edwina School, 1725 Lincoln NW.

"Flashdance" featured a young D.C. resident named Tony Manero, who became an overnight sensation when he performed "Manic Monday" at the Vango Ballroom.

The competition is sponsored by the D.C. Department of Recreation and the Mobil Foundation.

Howard takes second, wins MEAC bye

By DAVIEV RICHARDS

Last week when the Bison fell to George Mason, Assistant Coach A.B. Williamson said, "good things come to those who hang on the back of the bus." Carolina A&T, provided Howard with just such a chance last Saturday.

The victory coupled with South Carolina State's 74-71 loss to North Carolina A&T provided Howard with a first round bye in this weekend's MEAC tournament in Greensboro, N.C.

"It was a confidence-building win," said Howard head coach Willie Jeffries.

Jeffries noted that the last home win prior to Saturday's 90-81 victory over North Carolina A&T, and then the win itself, were critical.

"It's nice to win," Jeffries said. "It gives you confidence and also presets you for the next game." The tournament will not only set the stage for the Bison to advance to the next round, but it will also give winced to South Carolina State as well as graduate school.

South Carolina State's visiting VMI, who defeated the Lady VMI 88-83, is starting to feel as if they have yet to reach their peak.

"South Carolina State is a good team, but we're starting to feel as if we have yet to reach our peak," Jeffries said. "We're starting to feel as if we have yet to reach our peak in our defense and our offense."

Wilson, who is a junior, has averaged 20.9 points per game this season. He has also led the team in rebounds and assists.

"There's no way I can't say that Kenny Wilson is a good basketball player," Jeffries said.

Jeffries also noted that Wilson is a natural leader on the court.

"He's a good leader," Jeffries said. "He's a good player. He's a good basketball player."

Shark remains quite confident about the Championships as he anticipates a fast meet.

"It's a nice change of pace to race some good individuals this time of year," Wilson said.

"I'm pretty sure we're going to do well," Wilson said.

The Championships take place this weekend in Greensboro, N.C.

"I'm looking forward to it," Wilson said. "I'm going to try to do my best and see how far I can go."

Karla Knight, 21, from Jackson, Miss., has been named the 12th Annual Black National Swimming champion.

"I'm really pleased with the way we came back from the blur," said Howard head coach William Jeffries. "I was especially happy with the seniors (Scott and Kevin) and Fred Hill, who shot a collective 92-25 (30 from the floor). As a team, we shot a 13 from the floor, the best in the Providence."

Jeffries also noted that the championships will be a good opportunity for some of the other players to shine.

WHY WOULD AN MBA GO INTO SALES?

Because It's Smart!

The smart MBA recognizes that selling provides an ideal career start. It pays you off. "Life is a series of sales situations," it says, "and few things are more profitable or more satisfying to sell than in a company you pride in. It's a grand start into your career. It's a fast track into management. Look at the Diagnostic Division of Abbott Laboratories. As an MB. sell diagnostics. You'll see the latest growing area in the healthcare product industry. By 1990 diagnostics will grow from $1 billion to $3 billion. A latter that's a sure bet. So you'll get to test the horizon. You'll be looking at the wages of tomorrow in the wages of today.

WHY WOULD AN MBA SELL DIAGNOSTICS?

Because It's Smart!

Medical diagnostic products are used internationally to identify specific illnesses and monitor the advancement and treatment of diseases. You'll be dealing with the latest in medical technology and you'll be part of a company that spends millions of dollars on research and development. A company where advances in molecular biology and atomic structure have created a significant demand for new and better products. A company with an exceptional reputation for quality pricing and product development. What more could you ask for in a company to build your career with.

WHY WOULD AN MBA INTERVIEW WITH ABBOTT?

Take Charge At 22.

In most jobs, at 22 you're near the bottom of the ladder. In the Navy, at 22 you can be a leader. After just 16 weeks of leadership training, you're an officer. You'll have the kind of job your education and training prepared you for, and the decision-making authority you need to make the most of it. As a college graduate and officer candidate, your Navy training is geared to making you a leader. There is no boot camp. Instead, you receive professional training to help you build the technical and management skills you'll need as a Navy officer.

This training is designed to instill confidence in your experience in your first sea tour. You learn by doing. On your first sea tour, you're responsible for managing the work of up to 30 men and the care of sophisticated equipment worth millions of dollars. It's a bigger challenge and a lot more responsibility than most corporations give you at 22. The rewards are bigger, too. There's a comprehensive package of benefits, including special duty pay. The starting salary is $17,000—more than most companies would pay you right out of college. After four years, with regular promotions and pay increases, your salary will have increased to as much as $38,000. As a Navy officer, you grow, through new challenges, new tests of your skills, and new opportunities to advance your education, including the possibility of attending graduate school while you're in the Navy. Don't just take a job. Become a Navy officer, and take charge. Even at 22.
