A.P.O. 75, c/o Postmaster,
San Francisco, California.

6 August 1945

Dear Doctor Tate,
    Received your letter a few days ago and was quite glad to
hear from you. It found me well and feeling much better than I
had felt for some time; prehaps the reason was that I happened
to be in the Philippines at the time, near the famous city of
Manila, which is a lot better than New Guinea. It is a relief to
be back in civilization again.

    I have received the news letters for the months of March
and April. I have seen the one for May but I haven't received it.

    John H. Lewis is here. I jeeped out to see him yesterday and
we had a swell time recalling old times. Certaine isn't here at
the present. I see him occasionally though.

    We enjoy reading the news letter and finding out what the
other fxxxx fellows are doing. Sorry that we haven't been able
to submit any news ourselves; but when there was only two of
us around and in the jungles at that, there wasn't anything to
send in. Maybe now that we are back in civilization again we
will be able to send in something that will be of interest from
time to time.

    Well that's all for this time, hoping to hear from you soon
and to see you later.

                        Yours Truly,

                        ELIJAH NOEL
