From 1935 to 1936 she toured and recorded with Noble Sissle's Orchestra. She recorded with Charlie Barnet's Band from 1940 to 1941. She worked at New York's Cafe Society Downtown and, from there, went to Hollywood where she was the first black woman ever to sign a term-contract in films.

Her films included *Panama Hattie* (1942); *Cabin in the Sky* (1943); *Stormy Weather* (1943); and *Meet Me in Las Vegas* (1956). In 1957, she took a break from her nightclub schedule to

THE CONFERRING OF DEGREES IN COURSE

The order of presentation of schools and colleges for the conferring of degrees is based on two factors — the year of establishment of the school or college and the distinction between graduate and undergraduate programs. The first eleven schools and colleges, beginning with the College of Liberal Arts and ending with the College of Allied Health Sciences, were established over the years from 1868 to 1974. These eleven schools and colleges provide basically undergraduate programs. The next five schools and colleges, beginning with the School of Religion and ending with the School of Social Work, were established between the years of 1868 and 1945. These schools and colleges offer professional graduate level programs. The last school listed, the Graduate School of Arts and Sciences, was established in 1934 and offers graduate level programs exclusively.

THE ALMA MATER

Reared against the eastern sky
Proudly there on hilltop high,
Far above the lake so blue
Stands old Howard firm and true
There she stands for truth and right,
Sending forth her rays of light,
Clad in robes of majesty;
O Howard, we sing of thee.

Be thou still our guide and stay,
Leading us from day to day;
Make us true and leal and strong,
Ever bold to battle wrong.
When from thee we've gone away,
May we strive for thee each day
As we sail life's rugged sea,
O Howard, we'll sing of thee.

THE ACADEMIC COSTUME

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students used them to keep warm in medieval castles and halls of learning. From these practical origins, they have developed into the accepted garb which symbolizes scholarly achievement.

Baccalaureate gowns have a long pleated front with shirring across the shoulders and back. They are primarily distinguished by flowing sleeves, pointed at the fingertips. These gowns may be worn either open or closed.

The master's degree gown is worn open, and the sleeve is cut so that the forearm comes through a slit just above the elbow.

Gowns for the doctor's degree are also worn open. They carry broad, velvet panels down the front, and three velvet bars on the full, round sleeves. This velvet trimming may be either black or the color distinctive of the degree.

Mortar boards or caps worn with baccalaureate and master's gowns generally have black tassels. The tassel of the doctoral cap is usually made of gold bullion.

Faculty members and guests in today's procession are robed in gowns and hoods which represent the institutions from which they have received degrees.

The hood gives color and real meaning to the academic costume. Its silk lining bears the colors of the institution conferring the degree. The hood is bordered with velvet of a prescribed width and color to indicate the field of learning to which the degree pertains as follows: medicine, green; music, pink; nursing, apricot; pharmacy, olive green; public administration, peacock blue; science, golden yellow; social work, citron; theology, scarlet; architecture, brown; arts, letters, and humanities, white; business, drab; dentistry, lilac; education, light blue; engineering, orange; fine arts, brown; law, purple; philosophy, dark blue.

THE MACE

THE MACE, carried by the University Marshal, Dr. Joseph B. Morris, Chairman, Department of Chemistry, is the ceremonial symbol of the University. Its origin dates back to the Middle Ages. It is used on all occasions of academic ceremony at the University. At today's Commencement, the entry of the Mace heralds the arrival of the academic procession.

THE BATON

THE BATONS carried by the Marshals and Assistant Marshals of each school and college are being used to lead the academic procession of the respective schools and colleges into and out of the place of the ceremony. The batons are made of wood, painted blue, and tied with white ribbon denoting the colors of Howard University.

THE PRESIDENTIAL CHAIN OF OFFICE (The Medallion)

The Presidential Chain of Office, worn by President Check, was presented to the University on the occasion of the Centennial Celebration in 1967 by Trustee Herman B. Wells and his mother, Mrs. Granville Wells. The chain symbolizes the current and past holders of the Office of President. The basic material of the chain is sterling silver, plated with hard gold. Both the University Seal and the Centennial Seal are appended to the chain.
