MANUSCRIPT DIVISION

## Scope Note

The Maryland War Bounty Records were presented to the Moorland-Spingarn Research Center by Dr. Richard W. Hale in 1969 and 1970. The collection of records for freedmen and slaves, black and white, contains the discharge records, pension claims, bounty drafts, proof of identity for individuals who enlisted in the State of Maryland for military duty in the U.S. Navy and Army during the War of 1812 and the Civil War.

Included also are letters from survivors, death certificates, and manumission records for slaves who had served in the military service. Records are also present for individuals who enlisted in Maryland but were non-residents of the state.

The collection is useful for those persons who are searching for information on individuals who were in the military service during the War of 1812 and the Civil War. The container list which accompanies this collection, provides a name index of individuals from the various counties of Maryland and Baltimore city and is extremely useful in research.
