THOMAS ANDREW DORSEY

(Represented by Ms. Doris M. Dorsey, Daughter)

Ms. Dorsey Will be Presented by Dr. Thomas B. Shropshire

Member, Board of Trustees

Thomas Andrew Dorsey, gospel song writer, pianist and blues singer, was born in Villa Rica, Georgia in 1899. He obtained his musical education in the public schools of Atlanta; at Wendell Phillips High School in Chicago; and at Chicago Musical College. In 1916 he settled in Chicago and found employment playing piano in bars, in wine rooms of saloons and in music stores as a song demonstrator. In 1923 J. Mayo ("Ink") Williams asked him to form a band to tour with Gertrude ("Ma") Rainey on the Theater Owners Booking Association (TOBA) circuit. He remained with Ma Rainey for four years during touring seasons, performing and accompanying her with his five-piece Wildcats Jazz Band, making arrangements and writing music, particularly blues, for use in her shows. During 1923-24 he was co-leader of a big band, the Whispering Syncopators. He later recorded with a small group called the Famous Hokum Boys and was an arranger for Ink William's Chicago Music Publishing Company.

The Great Depression of 1929 dealt a severe blow to blues-jazz musical activities, and Dorsey turned to sacred music. In 1932 he was appointed chorus director at the Pilgrim Baptist Church, where he remained into the 1980s. He began writing sacred songs as early as 1921, becoming inspired when he attended the annual meeting of the National Baptist Convention in Chicago and heard a singer perform A. W. Nix's "I do, don't you." One of his early songs was published in Gospel Pearls, a publication of the Sunday School Publishing Board of the National Baptist Convention (copyright 1921). He continued to write his special kind of sacred songs through the early 1920s and coined the term "gospel song" (as distinguished from gospel hymn) to refer to the songs. In 1925 he attempted to sell a song, "If You See My Savior, Tell Him That

You Saw Me." through the mail, sending hundreds of copies to churches all over the nation. The response was meager and discouraging, but in 1930 a singer performed the song at the Jubilee Meeting of the National Baptist Convention (established in 1880) and brought him wide recognition. In 1931 he organized, along with Theodore Frye, the world's first gospel chorus at the Ebenezer Baptist Church. In 1932 he opened the Dorsey House of Music, the first publishing house to sell solely gospel music of Black composers. The same year, along with Sallie Martin, he founded the National Convention of Gospel Choirs and Choruses, which within a few years had an annual attendance of 10,000 to 15,000 delegates. As early as 1927 he began promoting his songs through selling songs in churches (where ministers would allow it), particularly in storefront churches. He was also active as a performer, touring as the official pianist for Mahalia Jackson during the years 1940-42.

Mr. Dorsey has been labeled as the "Father of Gospel Music." Over his long career he wrote nearly a thousand songs and published over half of them. Before the term gospel song entered common usage, his songs were called "Dorsey's" (in the same way as the hymns of Isaac Watts were called "Watts" in Black churches). His best-known song was "Precious Lord, Take My Hand," which was translated into more than fifty languages. Other well-known songs of his include: "Search Me, Lord," "When I've Done My Best," "Hide Me In Thy Bosom," and "Peace In The Valley" (written especially for Mahalia Jackson). His numerous honors include awards from civic, church, and professional organizations and honorary doctorates from several institutions of higher learning.

CAMILLE HANKS COSBY

The Candidate Will be Presented by Dr. Geraldine P. Woods

Chairman, Board of Trustees

Camille Hanks Cosby was born in Washington, D.C., the daughter of Catherine and Guy Hanks, Sr. Following graduation from high school she entered the University of Maryland in 1962 to pursue a degree in psychology. Her academic studies were temporarily interrupted when she married Bill Cosby, popular entertainer and television star, on January 25, 1964.

Mrs. Cosby, having married at the early age of 19, chose to pursue her undergraduate education and her graduate education in stages, fitting course work and the writing of papers around her family's needs and particularly around the care of her five children. As the children matured, she and they were able to do their homework together.

Her tireless efforts resulted in the completion of her undergraduate studies, as well as her earning a master's degree in education from the University of Massachusetts in 1980. Focusing on "racism in education", her thesis was developed with the help of her expertise in photography to chronicle the experiences of Black Students at several of the South's Historically Black Colleges and Universities. She is a doctoral candidate, currently on leave, at the University of Massachusetts.

Mrs. Cosby serves as vice president and co-director of the diversified Cosby corporation which handles her husband's recordings,

film and television projects. Her toughness in business dealings and her general business acumen are widely respected.

Her philanthropic activities, together with her husband and children, have been both generous and relevant. Many Black institutions and organizations have benefitted from her largess. She has contributed to and worked in conjunction with fund raising efforts to support People United to Save Humanity (PUSH), the United Negro College Fund (UNCF), the Southern Christian Leadership Conference (SCLC), and the National Association for the Advancement of Colored People (NAACP). Education is a high priority with the Cosby's, as their exceedingly generous donation of \$1.3 million to Fisk University exemplifies.

In addition to her philanthropic activities, Mrs. Cosby is on the Boards of Essence Communications, the National Council of Negro Women and the Rainbow Coalition. She is also a full-time producer of albums and recently, videos for home distribution. She and Judith Rutherford James, her co-producer, are currently in the pre-production phase of a film based on the life of Nomzamo Winnie Mandela.

If there is one theme that unites the interests to which Mrs. Cosby gives her time, it is the education of Black children, even as they grow to become parents of other Black children.

THE CONFERRING OF DEGREES IN COURSE

The order of presentation of schools and colleges for the conferring of degrees is based on two factors—the year of establishment of the school or college and the distinction between graduate and undergraduate programs. The first eleven schools and colleges, beginning with the College of Liberal Arts and ending with the College of Allied Health Sciences, were established over the years from 1868 to 1974. These eleven schools and colleges provide basically undergraduate programs. The next five schools and colleges, beginning with the School of Divinity and ending with the School of Social Work, were established between the years of 1868 and 1945. These schools and colleges offer professional graduate level programs. The last school listed, the Graduate School of Arts and Sciences, was established in 1934 and offers graduate level programs exclusively.

Appearance of a name on this program is presumptive evidence of graduation, but it must not in any sense be regarded as conclusive. The diploma of the University, signed and sealed by its proper officers, remains the official testimony of the possession of the degree.

THE ALMA MATER

Reared against the eastern sky
Proudly there on hilltop high,
Far above the lake so blue
Stands old Howard firm and true.
There she stands for truth and right,
Sending forth her rays of light,
Clad in robes of majesty;
O Howard, we sing of thee.

Be thou still our guide and stay,
Leading us from day to day;
Make us true and leal and strong,
Ever bold to battle wrong.
When from thee we've gone away,
May we strive for thee each day
As we sail life's rugged sea,
O Howard, we'll sing of thee.

—Music, F. D. MALONE, '16

THE ACADEMIC COSTUME

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students used them to keep warm in medieval castles and halls of learning. From these practical origins, they have developed into the accepted garb which symbolizes scholarly achievement.

Baccalaureate gowns have a long pleated front with shirring across the shoulders and back. They are primarily distinguished by flowing sleeves, pointed at the fingertips. These gowns may be worn either open or closed.

The master's degree gown is worn open, and the sleeve is cut so that the forearm comes through a slit just above the elbow.

Gowns for the doctor's degree are also worn open. They carry broad, velvet panels down the front, and three velvet bars on the full, round sleeves. This velvet trimming may be either black or the color distinctive of the degree.

Mortar boards or caps worn with baccalaureate and master's gowns generally have black tassels. The tassel of the doctoral cap is usually made of gold bullion.

The gold fourragère on the shoulders of some candidates—commonly referred to as an honor cord—denotes outstanding scholastic distinction.

Faculty members and guests in today's procession are robed in gowns and hoods which represent the institutions from which they have received degrees.

The hood gives color and real meaning to the academic costume. Its silk lining bears the colors of the institution conferring the degree. The hood is bordered with velvet of prescribed width and color to indicate the field of learning to which the degree pertains as follows: medicine, green; music, pink; nursing, apricot; pharmacy, olive green; public administration, peacock blue; science, golden yellow; social work, citron; theology, scarlet; architecture, blue violet; arts, letters, and humanities, white; business, drab; denistry, lilac; education, light blue; engineering, orange; fine arts, brown; law, purple, philosophy, dark blue.

THE MACE

THE MACE, carried by the University Marshal, Dr. Joseph B. Morris, Chairman, Science Policy and Planning Council, is the ceremonial symbol of the University. Its origin dates back to the Middle Ages. It is used on all occasions of academic ceremony at the University. At today's Commencement, the entry of the Mace heralds the arrival of the academic procession.

THE BATON

THE BATONS carried by the Marshals and Assistant Marshals of each school and college are being used to lead the academic procession of the respective schools and colleges into and out of the place of the ceremony. The batons are made of wood, painted blue, and tied with white ribbons denoting the colors of Howard University.

THE PRESIDENTIAL CHAIN OF OFFICE (The Medallion)

The Presidential Chain of Office, worn by President Cheek, was presented to the University on the occasion of the Centennial Celebration in 1967 by Trustee Herman B. Wells and his mother, Mrs. Granville Wells. The chain symbolizes the current and past holders of the Office of President. The basic material of the chain is sterling silver, plated with hard gold. Both the University Seal and the Centennial Seal are appended to the chain.
