Dear Dr. Nabritt:

I'm writing you to inform you of my present address, which is, as above, and also to ask you to send me a few copies of the Howard University Bulletin. Particularly, the 1944 Commencement number, and others that may be off the Press since then.

The news from the University is very encouraging. I'm glad to know of Howard's progress, and ever increasing enrollment. According to President Johnson's Xmas letter, more than 4,000 students are there.

With every good wish for you, and the desire to hear from you soon, I am

Yours fo a greater Howard

Mr. James M. Nabrit, Jr.

Howard University

Washington, D.C.

Dear Mr. Nabrit:

Yesterday I was a fortunate individual indeed, all because I received the November Issue of the Howard University Bulletin. It was very newly and interesting. It was delayed in arriving because I had changed organizations. I am now with the 822nd. Engineers Aviation Battalion in the Philippines.

The weather here is abominably hot. In fact, I have not had a winter since I left the States in 1943. We often wonder what will be the reaction when we get back to the States where we can enjoy a real winter.

It is good to know that the University is expanding as it is, and having such a large enrollment.

I would be deeply grateful for some back numbers of the Bulletin, and your most recent ones also.

Sincerely yours,

*Henry Y. Sideboard*
