HOWARD

H ere is where it all happens, it
all comes together
O n this tract of land the children
of the nations come to play
W ithin these hallowed walls
individual nationalities fade and
melt into one.
A nd the cultural, social, of physical
differences cease to be
R acial, religious, ethnically or
geographically imposed boundaries
are replaced with limitless
extensions of the mind.
D estiny will tell the story, time
will be the judge.

"I AM AFRICAN"

I Am African.
Deeper than any attitude or stereotype.
Pure as anything ORIGINAL can be,
Wider than any blind/mind can see.
I Am African.
Sweeter than any skintone can show,
Larger than any shallow/soul can explore,
Pure as the first womb that burst the shore.
I flow through time,
Through lost throne days,
Through the splitting of child from mother,
Through the village fires and the cotton fields.
I flow threatening to burst the dam,
the DAM, DAM, DAM!
That prohibits my freedom, my nationhood.
I flow crushed by the merciless gravity
Of Imperialism.
I flow into the deepest destructive
conditions.
I flow containing the memories of a voyage
that created a NEW ESSENCE,
and I REMAIN STANDING.
I Am African.
Lying on the roads of return,
Speaking many rhythms,
Singing many songs,
Yet, crying the same tears.
You see me angry in many lands,
With one central flame,
One common cause,
One common enemy.
I moan, I groan, I scream, I moan,
I shout, and my echo shatters the
Spirit, and awakens my shouting soul,
Puts life into my dry bones,
For Freedom awaits my claiming.
I Am African.
Ripping, cutting, Splitting, Slashing,
Gashing, Lashing,
The dark clouds that shade
the horizons of my rebirth.
I Am African.

Assaulting the void and the ages,
Today preparing for the children's rich future.
And that future is NOW.
I AM African, I Am Africa,
Land of Moses,
Cradle of civilization.
Rising on the butterfly of divine revelation.
Rising on the tradewinds of unity.
Deeper than the fathomless,
Fathomless,
Fathomless Depth.
Or any eye,
Or sociologist,
Or archeologist,
Or psychiatrist,
Or scientist,
Can see!
For I am the first womb that bursts
the shore.
I am Man and Woman.
I Am African.
Beating on the womb of rebirth.

Salaam.

Singleton, Elizabeth

Aside from being one of the most populated undergraduate schools, the College of Liberal Arts offers a broad selection of 25 major and minor sequences. The Program, headed by Dean Robert L. Owens, III, Ph.D., L.H.D., is designed to enable the student to obtain a general knowledge in natural and social sciences, humanities and foreign languages through concentrated courses designed to expand his intellectual capabilities and social interests.

This is further achieved by the assistance of the Educational Advisory Center, which is staffed with counselors trained to assist students with academic and personal problems.

Honors are given to students according to their academic ability and several awards for outstanding intellectual achievement are granted according to the specific area of concentration. They are the Phi Beta Kappa Award, and the Academic Achievement Award given recognition of high scholarship in Chemistry; The George Morton Lightfoot Prize, awarded to a major or minor in Classics; and the Lubrizol Chemistry Prize which is awarded to two students of high scholastic attainment.

The Lucy E. Moten Fellowships enable student recipients to supplement their education at Howard through travel and study abroad.

STUDENT LIFE ON CAMPUS OR OFF

WHO'S WHO

We Come

We Come
Alone
In serape
In sari
In Jeans
In Edwardians
In turbans
and skullcaps.

We mix
We mingle
We fuss
We love.

We leave
Together,
Our heads
Our hearts
Our lives
Together.

-by Joyce Day-

Together

A drop
A puddle
A pool
A lake
A river
An ocean.

Alone we are small, nothing
Single we are strange, odd
Not until we have combined our
Strangeness' our oddities do we
become great, everything.

A man
A woman
Two people
Into many people
Into a people.

-by Joyce Day-

Mayimuna Ali

Mayimuna entered Howard University in September of 1973. This native Nebraskan has acquired many assets from this institution. Having originally planned to study Political Science, she transferred to Communications when she decided Black students need to acquire more functional skills to help their people.

As a student of film many things have come her way; the National Black Communications Society presidency (1974-75), the Frederick Douglass Honor Society for Academic Excellence, the National Academy of Television Arts and Sciences Scholarship (1977), and two or three Howard Scholarships.

The aspiring filmmaker also writes poetry, enjoys sewing, and believes vegetarianism is the ideal diet. She has been a film critic/feature writer for the Hilltop during her stay at Howard.

Lydia E. Barnwell

I leave Howard University without a trace of apprehension, for my experience during the four-year period have amply prepared me to accept, with confidence, the challenge which I now face.

As President of the Tau Beta Pi Engineering Honor Society and Vice-President of the Society of Women Engineers, I have also had the chance to work with others for the attainment of common goals.

Thank you, H.U. for providing me the opportunity to learn and to develop myself. Last but not least, I thank my parents and above all, I thank God.

WHO'S WHO

Katherine Barrett

During my four years at Howard, I have devoted myself to serving the HILLTOP, the COMMUNICATOR, Ubiquity and Chakula Co-op. I was also a member of the Frederick Douglass Honor Society of the School of Communications. Over the past four years, I have attempted to extend myself beyond the classroom and beyond my personal interest so as to make a contribution to Howard University. Looking back on it now it has been well worth it. After graduation I plan to pursue a career in journalism.

The group took highest honors and Clinton was cited for his dancing abilities. His plans include masters study in England through the Educational Theatre Program at New York University.

Mark S. Clanton

I am a senior in the College of Liberal Arts, from New Orleans, Louisiana. The first two years saw me as a Political Science major, serving as treasurer of the National Association of Black Political Science Students and vice-president of the Howard Debate team, being recipient of 13 awards for intercollegiate debate.

However, I decided that the field of medicine was where I wanted to serve, therefore, I switched to microbiology and will be a member of the 78 freshman class at the Tulane School of Medicine. I was inducted in BKX the National Scientific Honor Society and was elected president of the Howard University chapter. During my junior year, I became a member of the first undergraduate team in Biological research at Howard University, to seek and receive a grant from the National Science Foundation.

Being at Howard University has afforded me the opportunity to meet, come to know and eventually love several very special individuals; both faculty and friends who helped me remain strong and have convinced me to dedicate my life and skills to the continued uplift of Black people.

Deborah A. Cowan

During her four years at Howard, Deborah has definitely proved to be an asset to the School of Business and Public Administration. The native Washingtonian and accounting major has exhibited deep concern and involvement for various business organizations since her freshman year. Her unselfish and dedicated service to the business school has been recognized by many. Some of her activities include being Secretary of the National Assoc. of Black Accountants, Treasurer and Special Assistant to the President of the Society of the Advancement of Management, Tax Program Committee, and is an active supporter of the SBPA Student Council. Despite all this, Deborah has maintained high academic standards which is evidenced by her being on the Dean's Honor Roll.

Kiva Gates

My name is Kiva Gates, and for the past 3 years I have served the Howard Community and our capitol in various areas.

I was on the entertainment committee for Crandall Hall, Homecoming Committee, Miss Howard Committee, member of Political Science Committee, Undergraduate Academic Committee, Liberal Arts Representative for UGSA, Co-Chairman for Spring Festival, Grievance Committee secretary; I have also worked on the Jimmy Carter Campaign Committee and with the Joint Economic Committee in the Senate, and a member of Alpha Kappa Alpha Sorority.

My future aspiration is to become a corporate lawyer and help the upward mobility for black business.

While at Howard, I have attained a high scholastic average and have been on the Dean's list during my stay here. I am also a member of the Liberal Arts Honors Program and became a member of Phi Beta Kappa my senior year.

After graduating from Howard, I plan to attend law school in Louisiana and remain there and practice.

WHO'S WHO

Janice T. Littlejohn

Brenda Sunkrea Lowe

Born under the sign of Cancer I am originally from Detroit, Michigan and came to Howard in 1975 to enter the Physical Therapy Program.

I became a member of the student council in the College of Allied Health Sciences my first year. The next year I assumed the responsibility of editor of the newsletter and executive assistant to the council president.

Being community-oriented I served as a tutor for Junior High Students during my junior year. I participated in the Annual Health Careers Symposium for Jr. and Sr. high students, and was the Allied Health Student Coordinator for the symposium at Ballou Sr. High.

I was elected the Senior Class President for the class of 78. I served as Junior and Senior class representative to the faculty in the Dept. of Physical Therapy.

My final activity before leaving on my externship was serving on the Planning Committee for the Women in Science Workshop held at H.U. this Spring.

Sheila A. Maddox

Sheila Ann Maddox, a Radio Broadcast Management major, has worked intensively in the news and sports areas of campus life.

During her four years at Howard she has been a sports reporter for the HILLTOP and WHBC Radio. Ms. Maddox traveled and worked as the official statistician for the Men's Varsity Basketball Team. She also worked as a student assistant in the Sports Information Department, a division of the University's Public Relations Department.

Sheila marched three years with the "Short Flagg" section of the Marching Soulsteppers. While a member of this organization, she held such positions as Captain of her section, secretary of the band, Director of Public Relations, and reigned two years as "Miss Soulsteppers" (1975-77). Photos of Ms. Maddox's marching days were used in numerous University publications.

Along with being selected to Who's Who, some of her other accomplishments include Dean's List (3 Years), Frederick Douglass Honor Society (3 years), NBA/-RCA Scholarship Recipient, and Magna Cum Laude.

Sheila's future Plans are to enter the field of Communications Law.

Joseph H. Martin, Jr.

Joseph has certainly lent a lot of time and energy to the Howard Community. A member of Phi Beta Kappa, and Beta Kappa Chi Honor Societies and the Pre-Med/Pre-Dent Club, Joseph spent time tutoring fellow students. He was also active with the Campus Pals, and as a MBS Research Assistant. Joseph's future plans include attending Medical School.

Brentela Beatrice May

Brentela has been involved in various campus activities since she arrived at Howard. She has served as a member of the Campus Pals, Angel Flight, the Dean's List, Student National Education Association, NAACP, and Alpha Chapter, Alpha Kappa Alpha Sorority, Inc. Because of her love of children and concern for their better education, Brentela has chosen Elementary Education as her major field of study. After gaining experience in teaching, she plans to attend Graduate School to obtain her Master's Degree in Special Education. This sensitive, quiet Piscean is a native of Morehead City, North Carolina.

Frances Elaine McGee

Frances has been active in a variety of organizations since she arrived at Howard. Believing that the only way to affect significant change is to be involved, Frances has assumed leadership positions in most of the organizations she has belonged to. She has served as President and secretary of the Absalom Jones Student Association, a founder of the Howard University Improvement Committee, a reading tutor at the St. George's Episcopal Church, Operations Officer Angel Flight, Ivy Leaf Reporter of Alpha Kappa Alpha Sorority Inc., and Spotlight Editor of the DORM DIALOGUE Newspaper.

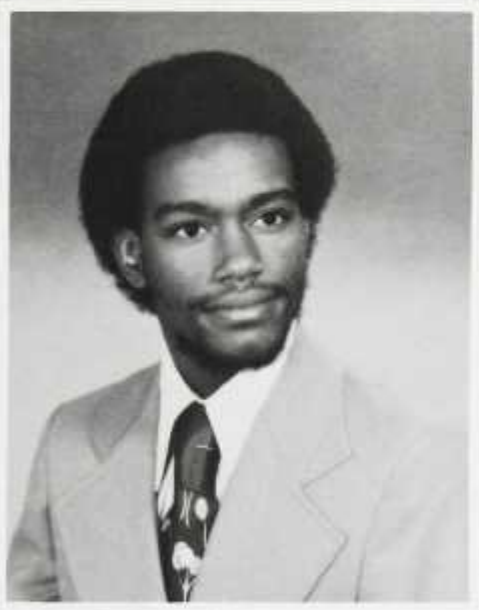

As a student of Political Science Frances has been using her textbook knowledge in the Howard community. She has been a member of the Freshman Elections Committee, Sophomore Class Rep to LASC, Secretary to LASC and HUSA Vice-President. As HUSA Vice-President and a member of the National Organization of Black University and College Students, Frances has turned her attention to the plight of Black Institutions of Higher learning.

Robert McKinnie

As a senior in the School of Architecture and Planning, I have maintained continuous appearances on the Dean's List and as a result-participation in the Tau Sigma Delta Architectural Society and recipient of the American Institute of Architects Foundation Scholarship Award. I have served as associate editor of the Architectural VOICE. I have served as Treasurer of the Architecture Student Assembly for two years and as a research assistant in the School's research office. Due to particular interests in architecture, planning and cultures of Third World Countries, I will continue with graduate studies in those areas with the intent of attaining registration and licensing in architecture. Outside of the School of Architecture and Planning, I have been involved in the activities of Campus Pals, Orientation Advisory Council, and the Newman Club. Indirectly, I have been involved in the activities of the student affiliate to the National Organization of Minority Architects and the Association of Preservation Technology.

WHO'S WHO

Dexter G. Miller

One word describes Dexter G. Miller as a student at Howard-Involved. He used his talents outside the classroom as editor of the 1978 Communications Journal, news editor for the COMMUNICATOR, and HILLTOP staffwriter. Community-oriented, Dexter shared his writing expertise with students at John Eaton High School in a program geared toward developing their interest in journalism and newspaper production. Dexter proved more than capable as co-producer and moderator of the Media Issues Forum, broadcast reporter for WHUR-FM and the Democratic National Committee, as well as being an active member of the Martin Luther King Debate Society. Internships with Newsday Newspaper provided an opportunity for Dexter to work with award-winning journalists on front page stories. His scholastic awards include the Dean's award for Outstanding Community Service and the H.U. Forensics Society Scholarship. Dexter's immediate plans for the future are to begin law school in the fall.

Melody Moss

My years at Howard have been a growing experience emotionally as well as academically. I have progressed academically, making the Dean's List and becoming elected to Phi Beta Kappa, and Pi Sigma Alpha. I have also been a member of Howard's Honors program for Liberal Arts. In addition to my academic achievements, I have been involved in Alpha Phi Alpha Fraternity's Alpha Angel Courts, Igbimo Otito Christian Fellowships, Campus Pals, BISON yearbook staff, Political Science Society and D.C. Survival Project. I will be attending law school in the fall and plan to use my J.D. degree in legal aid or some other type of public interest law.

Deborah Peaks

Born under the sign of Aquarius, Deborah is a very dedicated and hard working person. These characteristics were illustrated here at Howard by her active participation in the School of Communications and other campus activities. Khadi Rahman

I entered Howard in the fall of 1975 and enrolled in the School of business and Public Administration with a major in Accounting. The following year, I joined the National Association of Black Accountants, the Society for the Advancement of Management, and the Finance Club, and have always volunteered my services to these organizations.

I started working for HUSA in the summer of 1977 as the Executive Secretary and was promoted to the position of Acting Financial Advisor in 1978. This appointment proved to be of valuable assistance in giving me the experience that I will need to work in the business world as an accountant. Also, I volunteered to teach area High School students African Culture and its effect on our present generation under the UGSA - sponsored Big Brother/Big Sister program.

I am a member of the University-Wide Cultural Committee and the Student Center Policy and programs Committee and have helped to emphasize the growing need for student participation in such decision-making committees.

I am presently a senior and Honor student at the Business School and I hope to acquire my M.B.A. degree in 1980, and return home to serve my people by effectively demonstrating the skills that I acquired at Howard University.

George D. Reaves

My stay at Howard has been a most pleasurable and rewarding experience. I am one who believes that in order to get the most out of something you have to put the most into it. With this philosophy, I realized that academics was only one side of an education, the other side consisted of learning how to apply myself, that is, working positively and cohesively with others. I have done so by being elected President of my class for 4 years; Member of the Faculty Organization-4 years; member of Student American (SAPhA) and Student National (SNPhA) Pharmaceutical Associations; Member, Curriculum Committee; Member, Alumni Affairs Committee; Alternate Regional Delegate to the National Convention in New Orleans-SAPhA; Chapter Delegate to the National Convention in New Orleans-SAPhA; participant, First Annual D.C. Health Sciences Careers Symposium; and member, New Student Orientation Advisory Committee. My accomplishments have been many but in this world this is still not enough. I don't intend to stop here. I intend to "get a piece of the action."

Reginald D. Rigsby

Reginald D. Rigsby, a native of Jackson, Mississippi is a third year zoology student. While at Howard he has been active in such campus organizations as, BISON staff; member-Drew Hall Drom Council; member-Alpha Phi Omega Service Fraternity, Inc.; Beta Kappa Chi National Scientific Honor Society; BeauCourt of Pershing Angels Sorority, Inc.; Cavalier Court of Alpha Kappa Alpha Sorority, Inc.; Campus Pals; Pre-Med/Pre-Dent Club and Vice-Polemarch of Kappa Alpha Psi Fraternity, Inc. How has also been a consistent member of the Dean's List.

Homecoming 1977

The Coronation

The Show

The Parade

The People

The Game

A swarming defense and a 21-point explosion in the second quarter enabled the Bison to defeat Virginia State and maintain the Howard tradition of having never lost a Homecoming game.

The Trojans came into the game with a four-game winning streak and a stable of fleet running backs and receivers, but were never able to get on track against the aggressive Bison defenders.

Midway through the second quarter, Howard broke a scoreless tie wide open by registering 21 points in a 72-second span. The defense, which limited State to only 36 yards rushing all day, gave the Bison their first break when William Lee intercepted a pass and returned it to the Virginia State 33-yard line.

Quarterback Bryan Thomas hit tight end Fitz Fowler with a 20-yard pass to the 17-yard line and five plays later, Thomas bulled in from the one to give the Bison a 7-0 lead.

On the Trojans next possession, all-CIAA running back, Rufus Crawford, fumbled a pitchout on first down and Glen Frazier recovered for Howard on the visitor's 38. A major penalty moved the ball to the 23-yard line just before Thomas found wide receiver Darryl Dennis alone in the end zone and hit him with a touchdown pass.

Howard's third touchdown of the quarter was another gift from Crawford who returned the ensuing kickoff to his own one-yard line and then fumbled in the end zone two plays later. His fumble was recovered by sophomore linebacker Scott Facyson and Howard had a 21-0 half-time lead.

The Bison's first half outburst would be enough to beat the inept Trojans who were unable to mount any kind of attack. When they were not being smothered by the Bison defense, they were beating themselves with mistakes. The Trojans fumbled five times, had four passes intercepted and at least two sure touchdown passes dropped.

Howard did not let up against the Trojans in the second half either, but continued to build their lead. Howard Ward, who had already booted three extra points, kicked a 34-yard field goal in the third period. Senior defensive end Paul Ball then opened the fourth quarter by sacking quarterback Tony Coldren in the end zone for a safety to give the Bison a comfortable 26-0 lead.

Coach Doug Porter began substituting freely after that and freshman running back Veeman Beasley, who was not even listed on the

roster, capped the scoring with a spinning, tackle-breaking 16-yard romp on the final play of the game.

The highly charged Bison offense rolled up 344 total yards for the game including 223 through the air. Thomas led the three Howard quarterbacks by completing seven of fourteen passes for 141 yards and a touchdown. Halfback Gary Madden led the ground attack by rushing for 62 yards on 13 carries.

ADMINISTRATION

Images of Warm Black Love

I remember that time vividly. Grandmother slowly turning the frying chicken, admonishing her granddaughter, "Now don't you go out and get all dirty, company's coming soon!" Grandmother's kitchen was always warm and friendly. Through childish eyes it seemed larger than life, the refrigerator one had to stand on tippy-toes to reach, the counter on which only an elfish black chin could rest: over which two bright eyes peered.

And Grandmother. The warm, pretty smile, a smile bestowed upon Beloved grandchildren; a frown appearing seldom, at which these grandchildren shuddered. Those talented, soft hands — wonderful to hold — reminded me of good things to come after the long, long Sunday Services — biscuits, country ham, eggs, sausage, grits, orange juice, homemade jelly . . .

Her voice — soft, yet strong — hardly ever raised, unless the worst offense was committed.

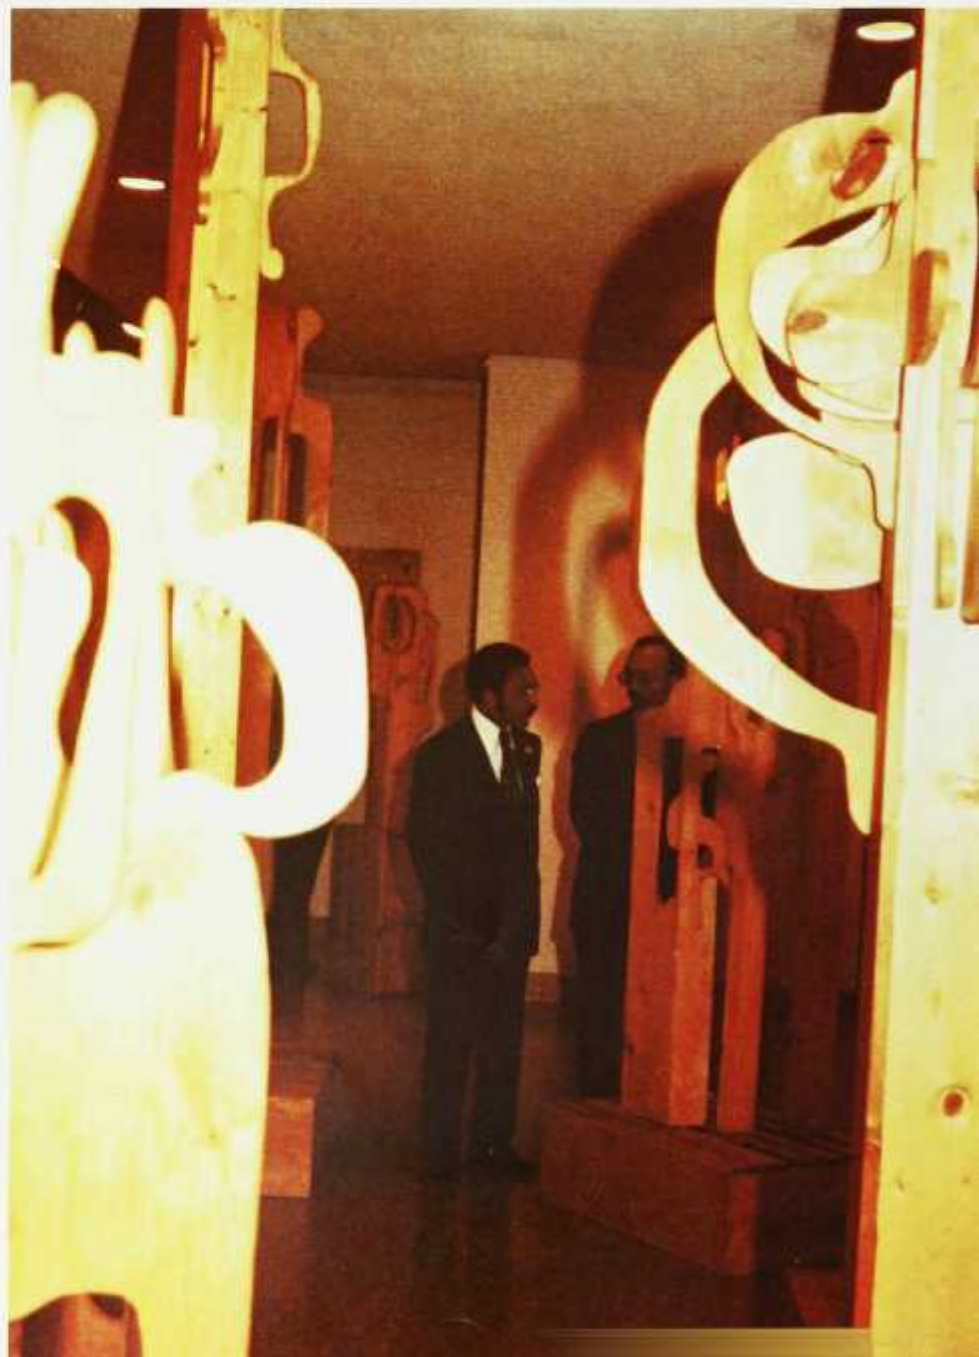

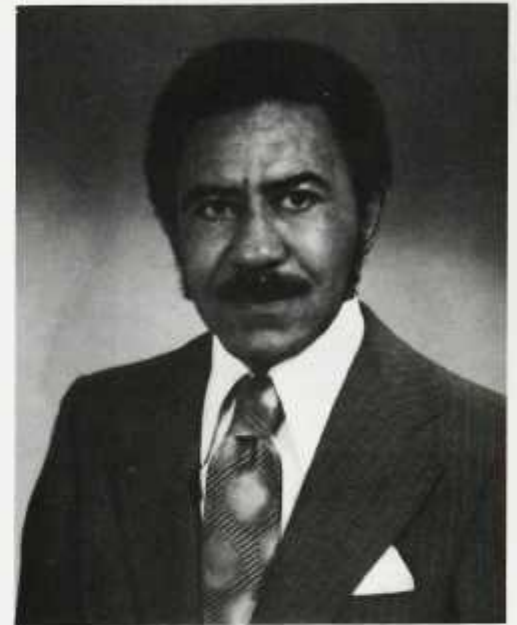

To be developed in Grandmother's warm black love — for a Sunday, a weekend, a lifetime. Called Grandmother as a child, only of late does she allow me to call her Grandma — her stance weakened by the influx of many more grandchildren — and only of late do I allow her to call me by many other names, my stance weakened by ever increasing love, ever increasing understanding.

We have both grown, she in wisdom, I in maturity. We laugh together now; knowingly, she seldom admonishes but advises, I do the opposite. Has one outgrown the other? Have the roles reversed? No. We have both grown, we are both in command. And now I understand.

CONVOCAATION

A special convocation ceremony presented Lieutenant General Olusegun Obasanjo of Nigeria who addressed Howard University students at Cramton Auditorium, Wednesday, October 12th. Lieutenant General Olusegun Obasanjo, Head of the Federal Military Government and Commander-in-Chief of the Armed Forces of the Federal Republic of Nigeria was born in 1937 at Abeokuta which is now the capital of Ogun State. The engineer, Lieutenant General Obasanjo attended and participated in various organizations, and professional schools abroad. He has held honorable recognitions for assignments during the Nigerian Civil War, while commanding the Third Marine Commando Division of the Nigerian Army. Upon the assassination of General Muhammed, February 13, 1976, the Supreme Military Council unanimously chose Lieutenant General Obasanjo to become the Head of the Federal Military Government and Commander-in-Chief of the Armed Forces of Nigeria.

Dr. James E. Cheek, President of Howard University, introduced Lieutenant General Obasanjo to the capacity crowd of American and Nigerian dignitaries, students and instructors. Sporadic applause which lasted throughout the speech began when Lieutenant General Obasanjo acknowledged past and present

Nigerian leaders who were Howard graduates. He also made note of Black Americans productively working in Nigeria. As Lieutenant General Obasanjo emphasized the need for politically and intellectually aware Black leaders, his excellency named Booker T. Washington, Malcolm X, Dr. Martin Luther King, Jr., and the N.A.A.C.P. as being translators of Black America's relationship to its society. As "bridge builders" he named Alex Haley, author of *ROOTS* and W. E. B. DuBois.

His theme focused on Black and African development and what he called "mental deliberation." The Lieutenant General said that Nigeria has a \$60 billion development project which is lacking technical and economical expertise. He expressed a need for help from Black Americans. To insure a majority rule in Africa, Blacks must influence its American government, added Lieutenant General Obasanjo. Although "lobbies" hinder the progress of American legislation toward this reality, remarked the Lieutenant General, "The end is in view."

MIGHTY WARRIOR

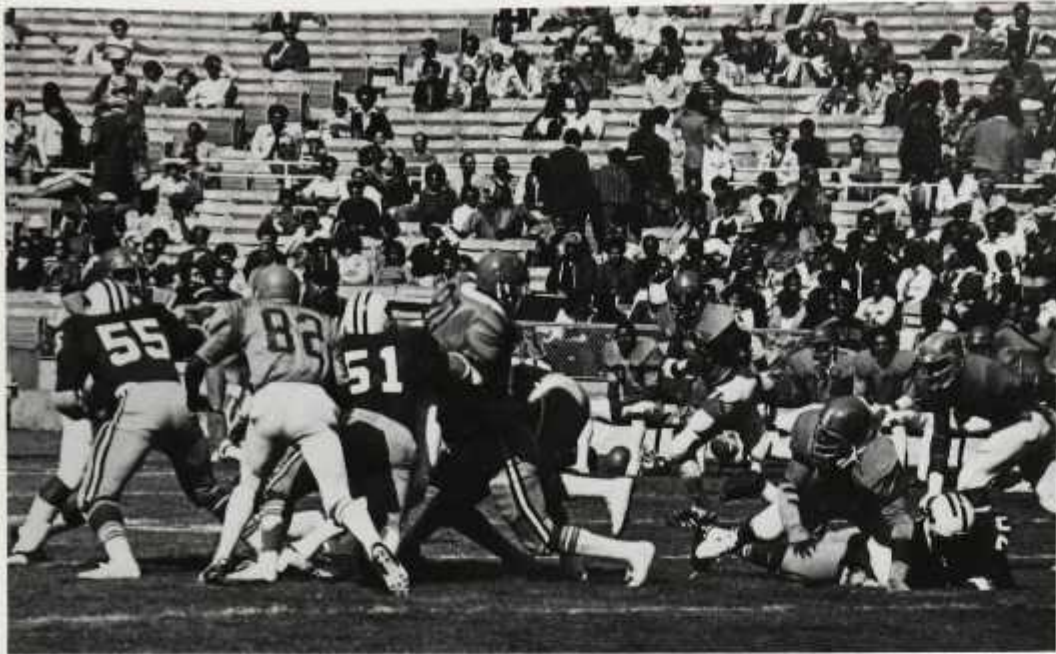

Mighty Warrior they took
your land and killed your
food they made you flee
like wild animals and fight
to preserve your freedom
Oh Mighty Warrior you stood
tall you had pride you had
dignity and self respect
they put you on land and
made you live by their
rules but Mighty Warrior
you were strong freedom
was all that you
sought.

Centuries have passed
Mighty Warrior and you still
seek freedom in a world that
is supposed to be free. But
Mighty Warrior you will survive
you are the earth, the sky and
the spirit of all
that is free

FOOTBALL

THE BISON,
Charles Moseley - Staff Writer
(Football)

In retrospect the "Big Blue Bison" gave their fans an occasional glimpse of thunder, yet lacked the consistency needed to win the conference title.

According to Coach Douglass Porter the team was unable to escape the "injury jinx," which plagued the offensive line.

Throughout the season the "Big Blue Bison" rolled over their weaker opponents but lacked the depth to defeat such power houses as Florida A&M, North Carolina A & T, and South Carolina State.

The climax of an otherwise average 5-5 season, resulted when Howard rolled over Southern University in Baton Rouge, Louisiana. This marked the first time Howard had defeated a

member of the South Western Athletic Conference.

Coach Porter always quick to admonish the responsibility of producing educated athletics, proudly acknowledged the 14 players who received degrees.

Among these dedicated individuals able to

handle the dual role of student - athlete were James Breakfield, Marco Morgan, Keith Napier, James Hunter, and Herman Redden.

Coach Porter is quite optimistic that such returning players as Brian Thomas, Theodore Robinson, Steve Wilson, and Scott Facyson will provide the winning nucleus for the team.

SOCCER

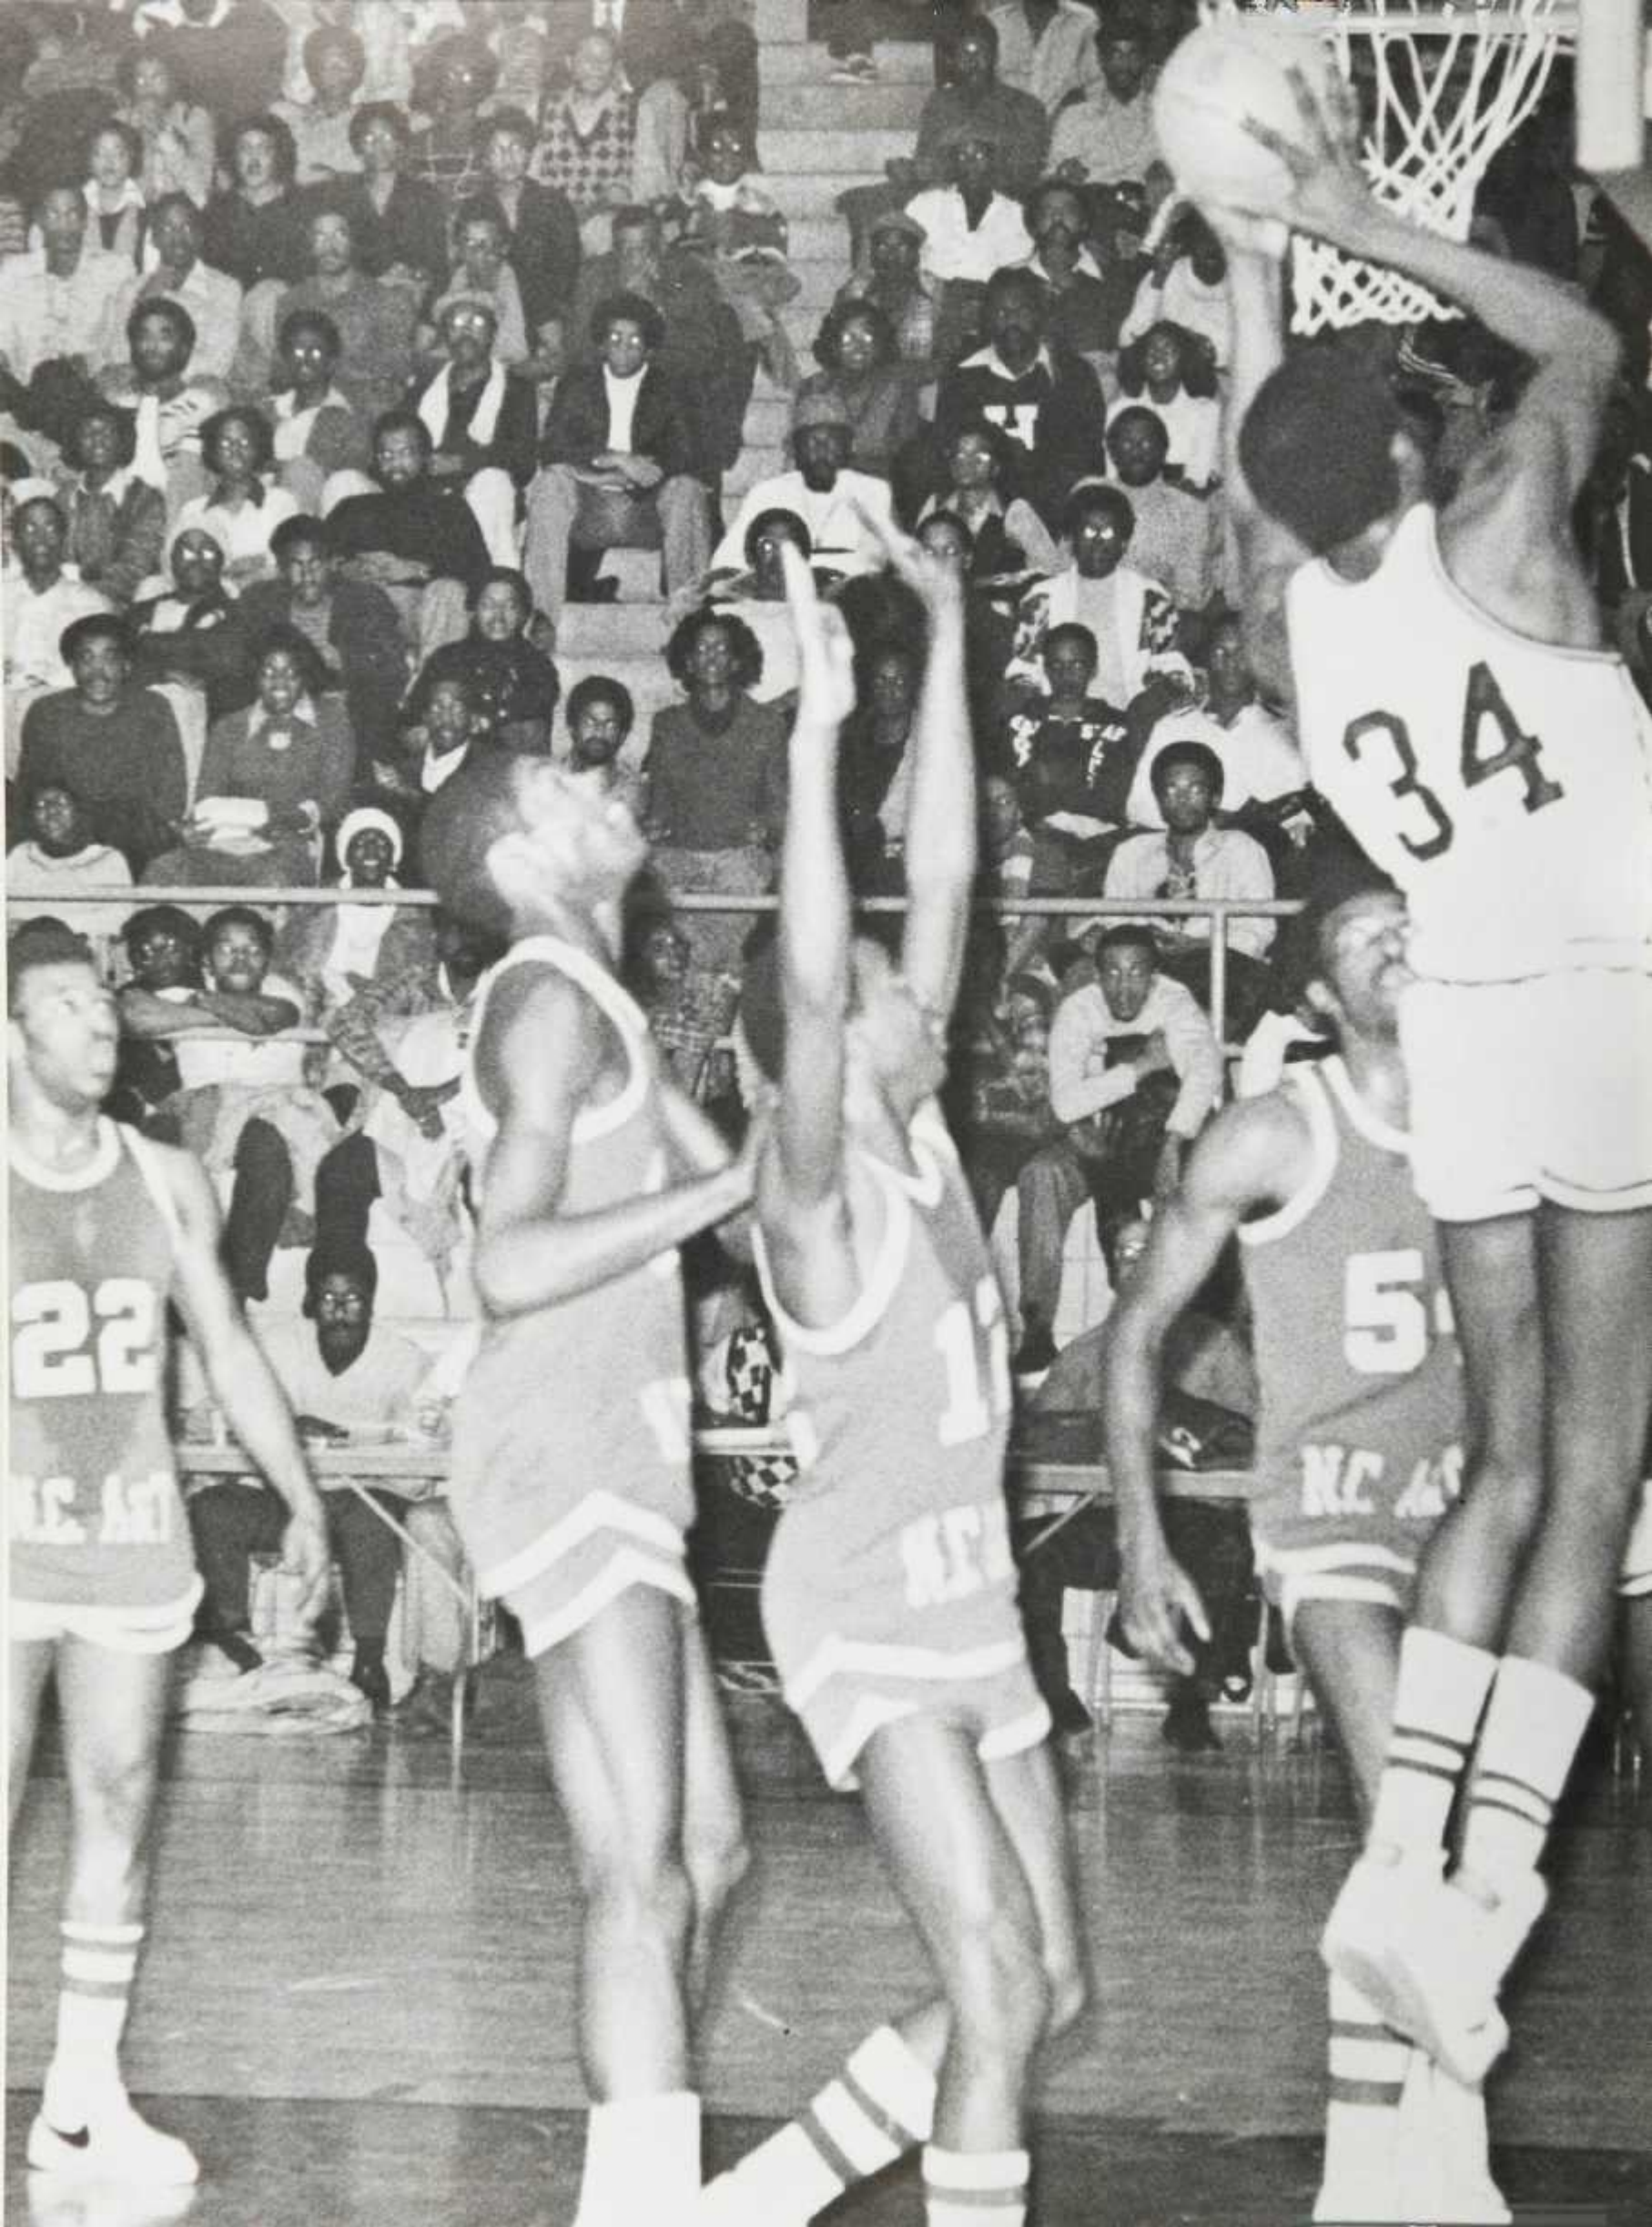

BASKETBALL

Although the Bison's were unsuccessful in their bid for the conference title it marked the end of a great college career for Gerald "Dr. G" Glover. Glover, a 6 foot 7 native of Atlanta, Ga., often brought fans to their feet, shouting in a frenzy, after throwing down a slam dunk.

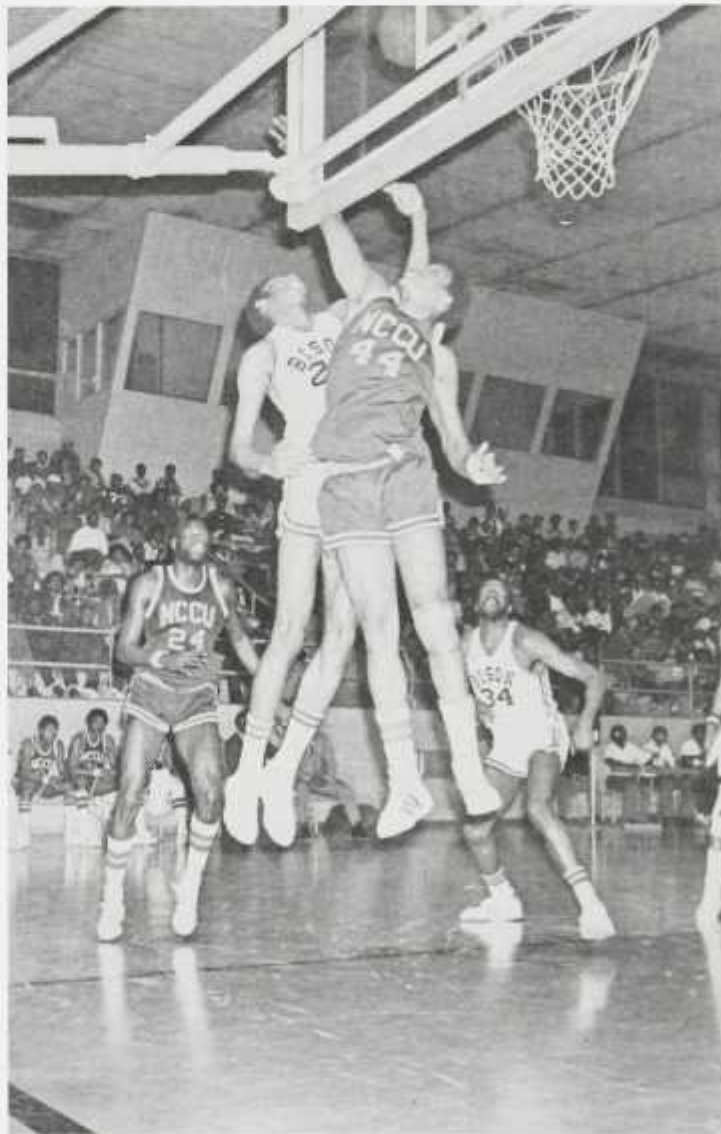

The slender forward was voted Player-of-the-Year in the Mid-Eastern Athletic Conference and became the first basketball player in the history of Howard University to be drafted by the National Basketball Association. Coach A. B. Williamson's unsung hero, Mike Nettles, also ended a fine career at Howard becoming the teams most consistent performer.

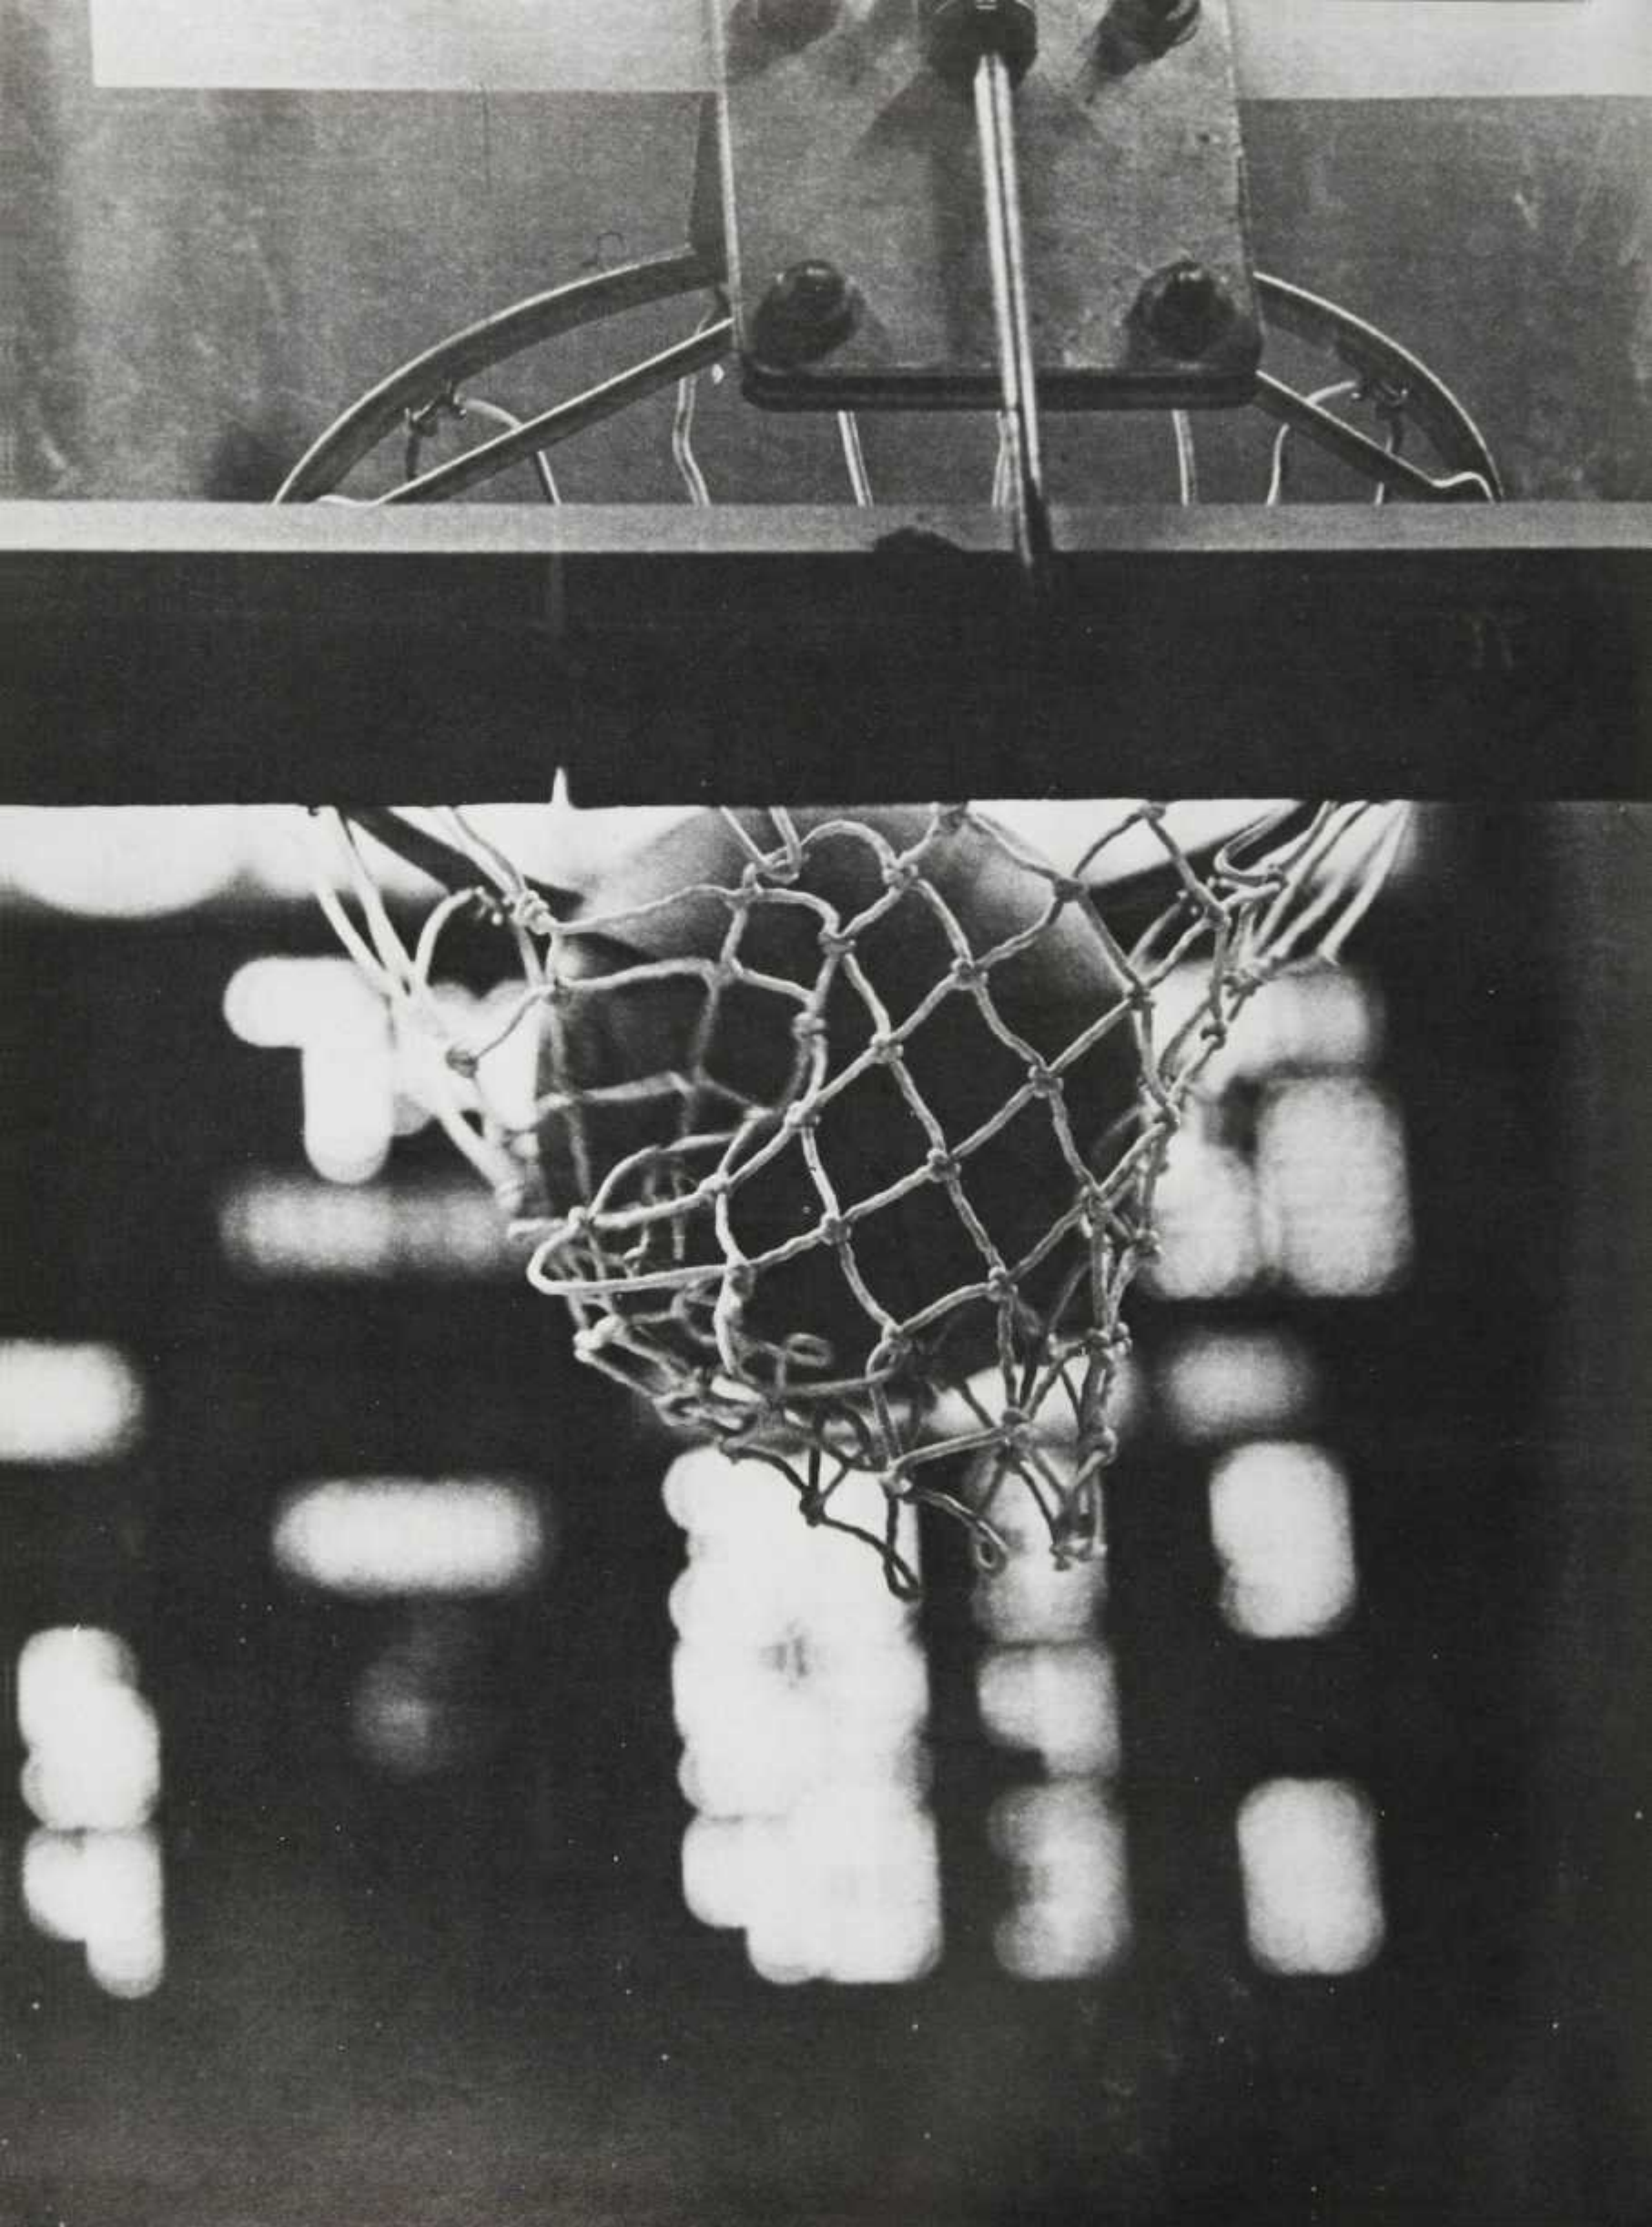

Basketball - Men
Charles Moseley - Staff Writer

The 1977-78 Howard University basketball season was filled with excitement primarily due to the fast tempo of play implemented by coach A. B. Williamson.

After a successful tour by the team in Brazil, the squad ran off a string of victories at Burr Gymnasium. With an 11-3 record and a tie with arch-rival North Carolina A & T the stage was set for the showdown. Howard's valiant attempt to defeat the Aggies fell short in a thrilling 94-85 double-overtime loss. The squad was unable to regain the momentum they had sustained earlier in the year.

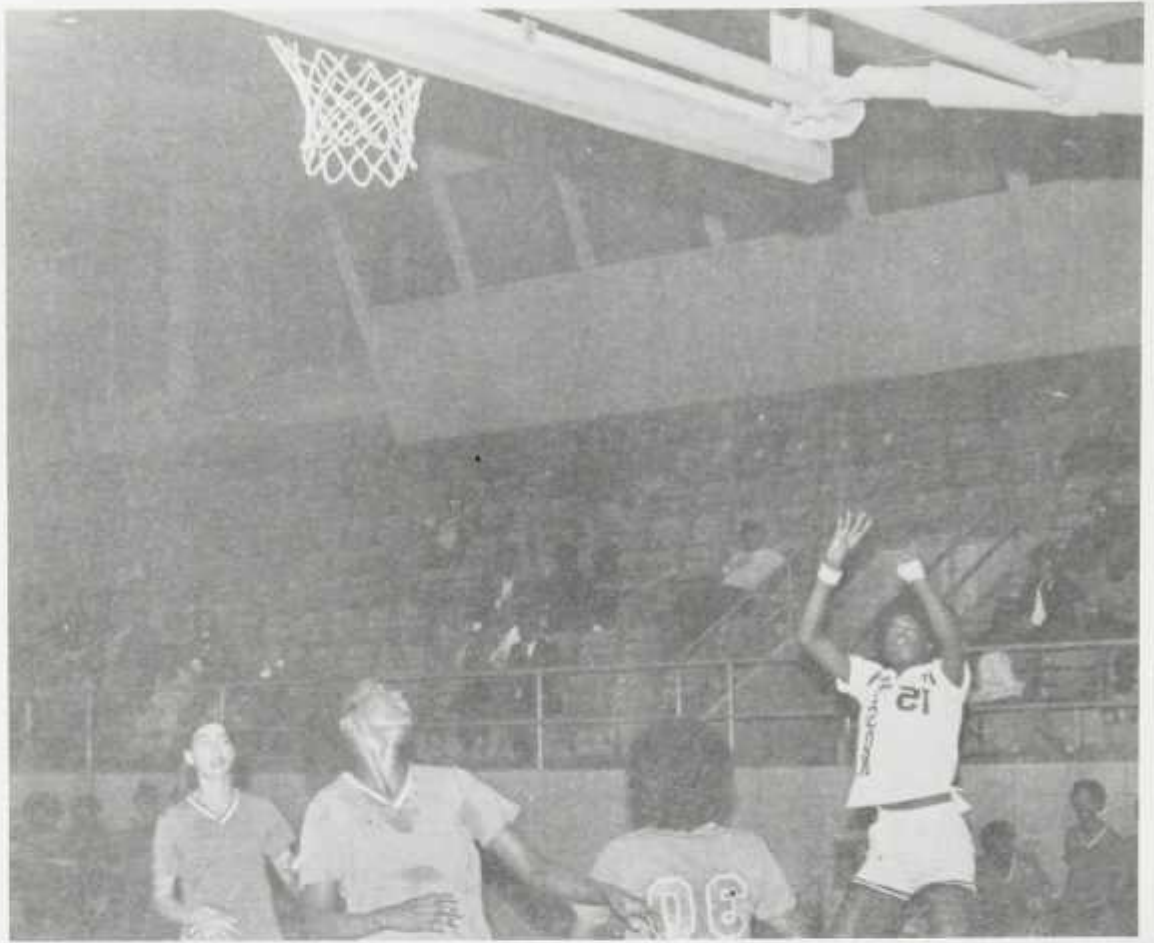

**WOMEN'S
BASKETBALL**

VOLLEYBALL

The Bisonettes

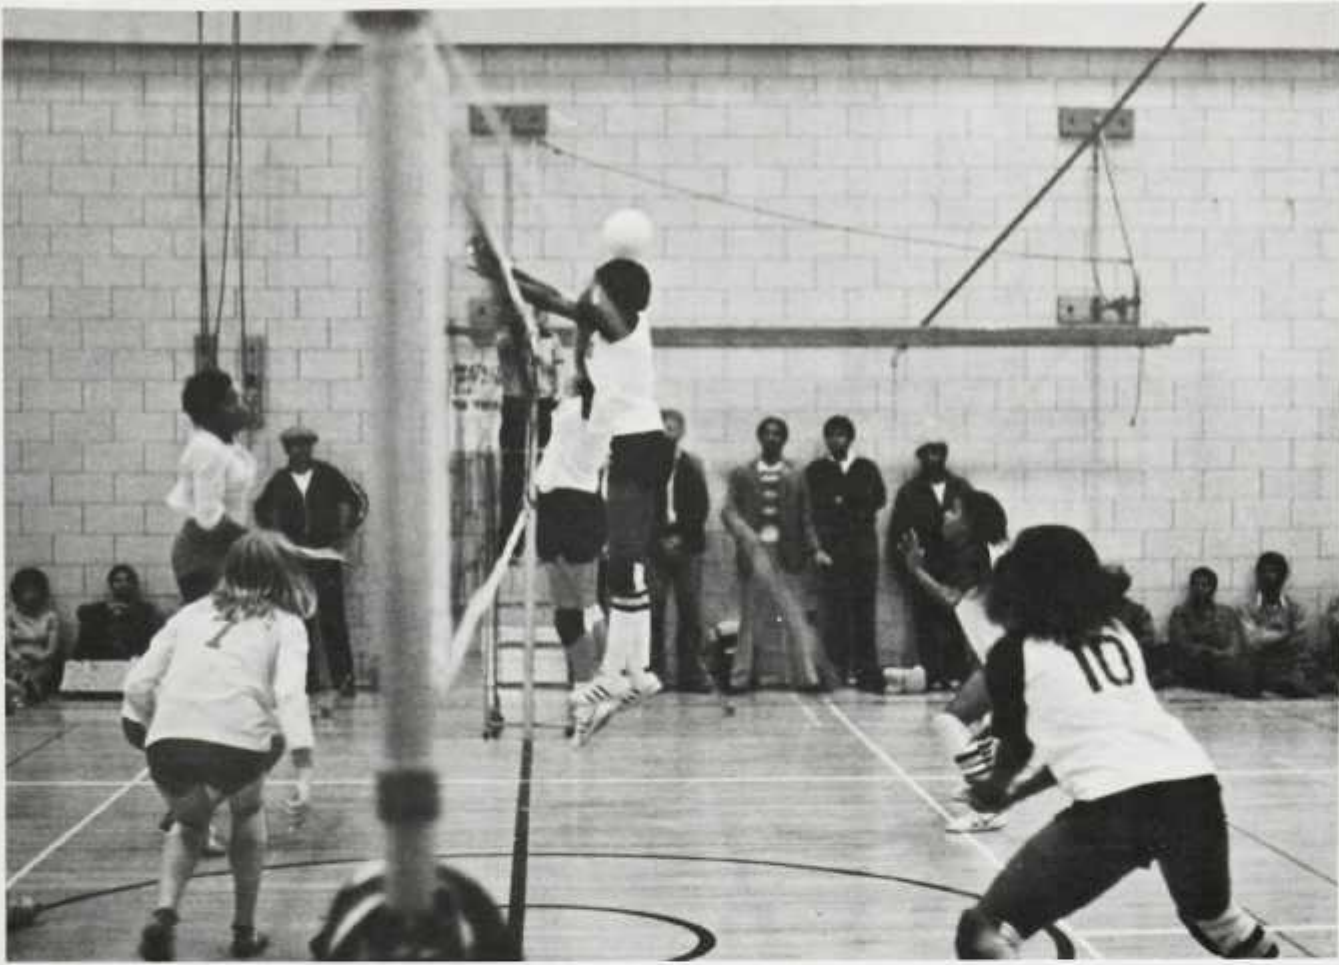

The Women's Volleyball Team had another winning season this year. With Winsome (Skinny) Davidson and Patty Symonette as the only returning players, Coach Jackie Cody and her assistant coach Sylvia Groomes rebuilt the team to end with a 15-2 winning record. Coach Cody assembled the ten woman team with six outstanding walk-ons and two recruitments, Deborah Davis (F) and Margaret Albury (F). The six walk-ons were Paula Hopson (S), Annette Wynn (F), Sharon Hayes (S), Cynthia Minus (F), Tangita Thomas (F), and Cheryl Humphrey (S).

The team had very strong opponents this year, Georgetown University, Maryland University, Virginia Commonwealth University, and George Washington University. They travelled to the James Madison Invitational and brought back a second place trophy. They also won second place in the CCC (City) Tournament. On their winning way to the EAIAW Regionals the team was stopped in their tracks this year because of another bad error by the Administration of the Athletic Department.

Next year, hopefully this team will continue to the Championship without any setbacks . . . because they have the talent.

DO SOMETHING FOR TOMORROW

Can you imagine a world without environmental pollution or an energy crisis? At Lawrence Livermore Laboratory, we can. We're working hard to create a future in which the problems of today are not the problems of tomorrow.

Harnessing fusion energy, the process which powers the sun, is the long-range objective of our Inertial Confinement Fusion and Magnetic Fusion Energy programs. Controlled containment of a tiny sun may someday provide a near-pollution free, inexhaustible energy source. We're also contributing to the development of wind, solar, and geothermal energy, and exploring new sources of natural gas and oil.

We're studying the problem of radioactive waste disposal and helping develop more effective national defense techniques. We are also working on a program to determine the efficiency of automated cytological diagnosis of human cancer.

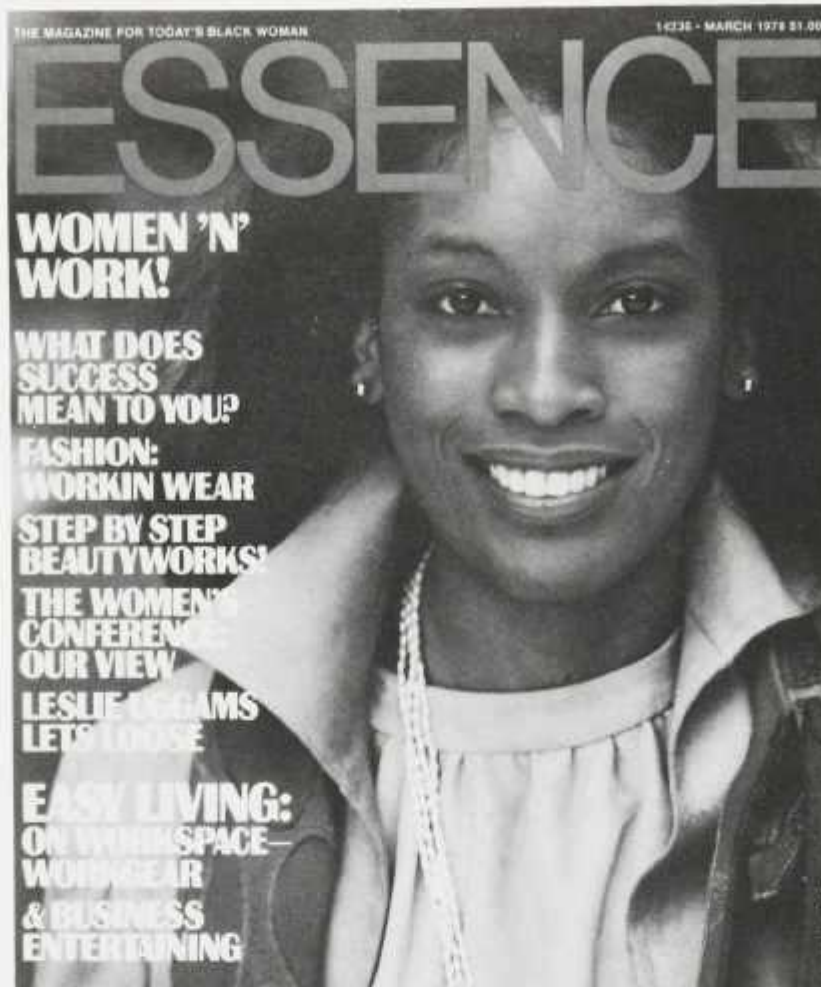

Lawrence Livermore Laboratory is operated by the University of California for the United States Department of Energy. We're located in Livermore, California, a peaceful community just minutes from San Francisco. And we have at our disposal all the advanced technology it takes to make ideas work.

If you're interested in scientific research, do something for yourself. And for that future world in which you'll have to live.

Do something for tomorrow. Consider a career at Lawrence Livermore Laboratory.

We invite you to contact our Employment Division at P.O. Box 808 Dept. LY9, Livermore, CA 94550. U.S. Citizenship Required. An Equal Opportunity Employer M/F/H/V.

CATCH A RISING STAR... IN ESSENCE MAGAZINE.

ESSENCE The Magazine for Today's Black Woman

The Black woman has always been an integral part of the American economy, but historically, she has been limited in both education and job opportunities.

Today, this is changing. From 1966 to 1976, the number of Black women enrolled in U.S. colleges increased 348%.^{*} When these women graduate, they are no longer content to dream about the future. They are interested in well paying jobs, good opportunities for advancement and successful careers. And they're counting on us to make those dreams come true.

ESSENCE is the only magazine devoted exclusively to the concerns of today's Black woman, and it too, is a rising star — with 600,000 in circulation and over 2,000,000 career minded readers.

ESSENCE also ranks #1 among the 19 leading women's magazines in importance to the reader's life.^{**} And these intelligent, loyal ESSENCE readers can help your company rank #1 in affirmative action, as well.

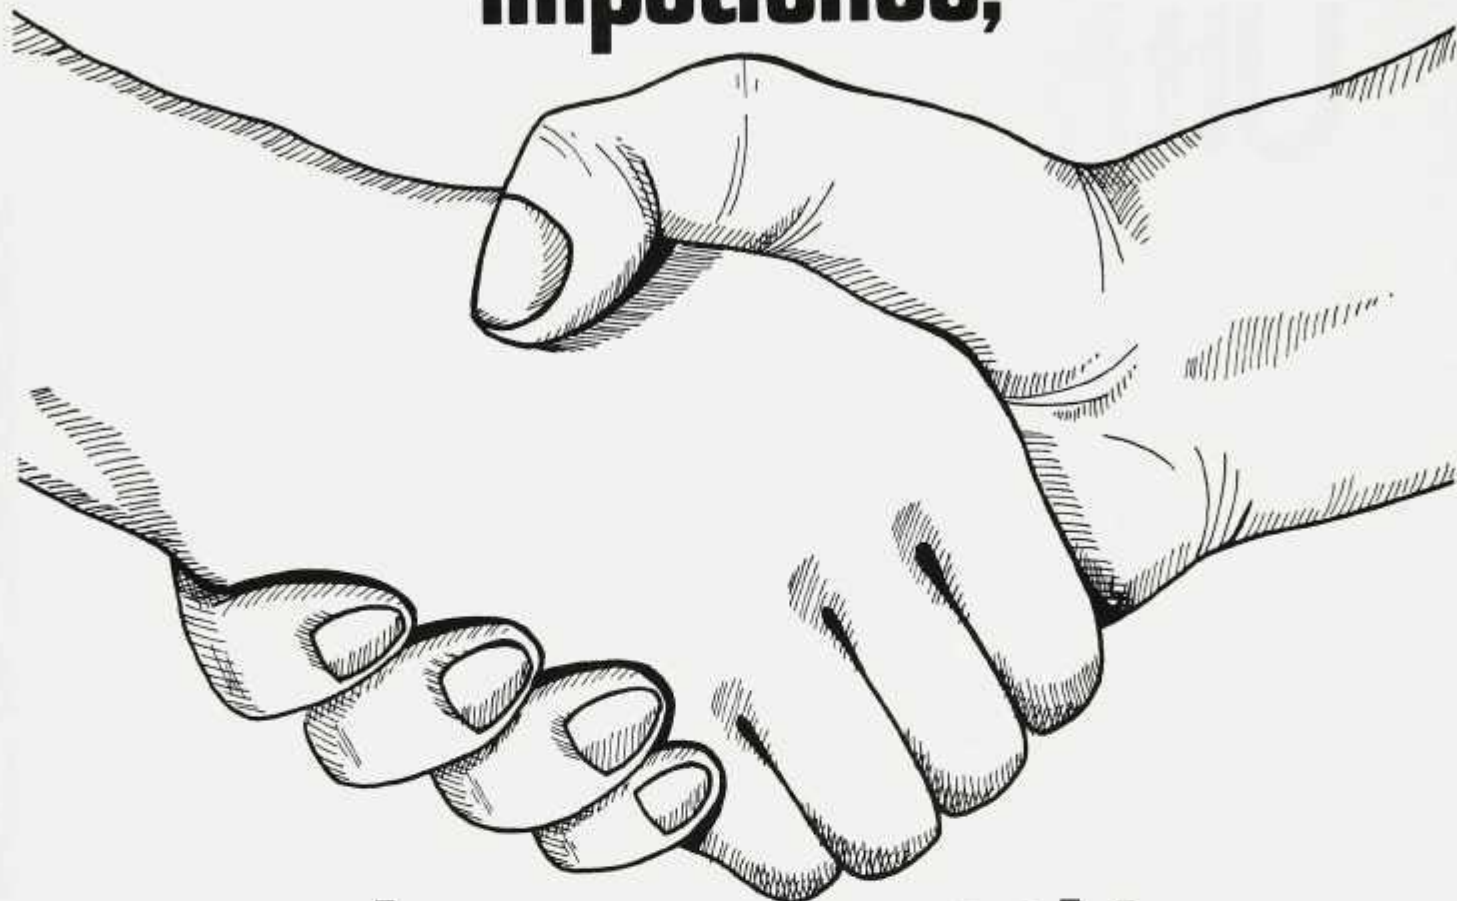

Invest in the future...the rising stars of ESSENCE.

If Nature didn't Ultra Sheen[®] will.

Ultra Sheen cosmetics, products for the full range of beauty needs. Make-up, eye shadow, blusher, lipstick and nail color. Fashion oriented, scientifically researched and developed with Ultra Sheen's unique understanding of the needs of black women.

If your middle name is impatience,

maybe we can put things on a first name basis.

At Celanese, we don't think patience is much of a virtue when it comes to creativity or careers. We became a 2 billion dollar company by responding quickly and creatively to changing markets and technologies. By giving our people the opportunity—and responsibility—to respond to change, to develop, to take initiatives.

That's why you won't find any lengthy training programs at Celanese. Our management philosophy is to give our engineers and chemists significant projects and responsibilities as soon as possible. Give them as much to handle as their skills and dedication are up to in an unusually open working environment which fosters creative decision-making at all levels.

It works for you because it gives you the opportunity to grow rapidly. It works for us because it's what has made us a leader in man-made fibers, with a solid position in chemicals, polymer specialties and engineering resins. Without an impatient responsiveness, we wouldn't have pioneered triacetate, developed Fortrel® polyester or become a world leader in formaldehyde and methanol production.

If you think you'd like working in this kind of an atmosphere, let's get to know each other better. If you have a degree in engineering or chemistry, ask your placement officer to set up an interview with us. Or write Mary Sheehan, Celanese Building, 1211 Avenue of the Americas, New York, N.Y. 10036.

A career with General Motors can take many directions.

You learned a lot of things in college. One of them was that there's more to your field than math, engineering or marketing 101.

There's also more to General Motors than cars. Much more.

We're into things like environmental protection, mass transit, electronics and new forms of propulsion... just to name a few.

Things a lot of people don't think of when they see the name General Motors. In fact, we offer scores of career

opportunities for innovative people. People like you. College grads with degrees in engineering, science, business and liberal arts.

People who seek creative expression. People who want to excel in whatever they do. People who want a chance to go beyond the basic curriculum.

If you'll be graduating soon—and would like to see just where your career can take you—talk with our recruiters when they visit campus.

They might be able to help you start off in the right direction.

Here it is. It's all we have. It's finally here. So now you have it. I bet you've been wondering just why you didn't get your yearbook in May. Well because we had a little problem. That problem was the book was not due until September. Now don't get me wrong, the book is late, but did you care to find out how the book was doing during the school year, to offer a little help. If you didn't care then why care now. This is your book and there are a lot of little things that can be done which would be a great help.

We here at the BISON have labored endlessly to bring you a yearbook which will not only make you happy today, but bring back memories in the years to come.

On behalf of the BISON Yearbook Staff I would like to say thanks for waiting. With a little help from our friends we did it all. I would like to give thanks to everyone involved with our production. And together we hope it finds its own little place in your heart. Good luck next year.

Ronald E. Hamilton

The editor wishes to express his sincere apologies to the students whose pictures appear on this page. Due to an oversight that was not discovered until the final stages of putting the book together, it was impossible to place the students in alphabetical sequence.
