THE HONORABLE GABRIELLE KIRK McDONALD

The Candidate Will Be Presented by The Honorable Frankie M. Freeman
Emerita Member, Board of Trustees

The Honorable Gabrielle Kirk McDonald currently serves as a judge with the Iran-United States Claims Tribunal in The Hague, The Netherlands. This is her second assignment in The Hague. Her first was with the International Criminal Tribunal for the former Yugoslavia as one of the original judges elected by the General Assembly of the United Nations in 1993, and she presided over the first trial. In 1997, she was elected President of the Tribunal. Secretary of State Madeleine K. Albright said of Judge McDonald, "She is one of the pioneer civil rights litigators in our country...And she has since become a pioneer justice for international war crimes law...I am confident that she will continue to be a voice for justice wherever she goes."

She attended Hunter College and Boston University and graduated first in the Class of 1966 from the Howard University School of Law. Her legal career began as a civil rights attorney with the NAACP Legal Defense and Educational Fund in New York, and continued with firms in Texas. In 1979, at age 35, she was appointed by President Carter as a federal judge in the United States District Court for the Southern District of Texas. She served for nine years until 1988, and is the first African American ever appointed to a federal judgeship in Texas, and only the third African-American woman in the nation to serve on the federal bench.

She has taught at several law schools, and is a prolific author with numerous articles to her credit, and co-editor of a book on International Criminal Law. A frequent lecturer on the work of the International Criminal Tribunals, and a Business and Human Rights Consultant, she also serves as Special Counsel to the Chairman on Human Rights for Freeport-McMoRan Copper &

Gold Inc., and is a member of the Advisory Board of McMoRan Exploration Co.

A member of the Board of Trustees of Howard University since 1987, Judge McDonald also serves on the International Jury of the Felix Houphouet-Boigny Peace Prize; the Board of Directors of the American Arbitration Association; the Genocide Prevention Task Force; The American Academy of Diplomacy; and the United States Institute of Peace.

In a 1999 ceremony at the United States Supreme Court hosted by Justice Sandra Day O'Connor, she received the Leadership Award from the Central Eastern European Law Initiative, a public service project of the American Bar Association.

She has received numerous awards and honors in recognition of her achievements throughout her career, including: the first Equal Justice Award and the Ronald Brown International Law Award from the National Bar Association; the Goler Teal Butcher Award for Human Rights from the American Society of International Law; the ABA 2001 Margaret Brent Women Lawyers of Achievement Award; the 2005 Congressman Mickey Leland Legacy Award; and the first ever Women Groundbreakers in International Justice Award from the Open Society Institute, in 2007. In April 2008, she received the Dorothy I. Height Lifetime Achievement Award from the Intercultural Cancer Council.

Judge McDonald was inducted as a lifetime member into the prestigious Horatio Alger Association of Distinguished Americans in 2004. She has also been inducted into the Texas Women's Hall of Fame, and is the honored recipient of six honorary Doctor of Laws degrees.

Her son Michael and daughter Stacy followed her in choosing law as a career and are both practicing attorneys.

C. VIVIAN STRINGER

The Candidate Will Be Presented by The Honorable Jack F. Kemp
Member, Board of Trustees

C. Vivian Stringer is one of America's most prominent athletic coaches with one of the best records in the history of women's basketball in her nearly four decades as a head coach. A 2001 inductee into the Women's Basketball Hall of Fame, she ranks third in career victories in Division I women's basketball history, eighth D-I coach (men or women), and the first African-American coach to reach the 800 victory plateau. Currently, she is the head coach of the Rutgers University women's basketball team, the *Scarlet Knights*, which she has built into one of the premiere programs in the nation. She is the first coach in men's or women's basketball to lead three different programs to the NCAA Tournament Final Four—Cheyney University in 1982, The University of Iowa in 1993, and Rutgers, The State University of New Jersey, in 2000 and 2007.

A three-time National Coach of the Year as voted by her peers (1982, 1988, and 1993), she has led her teams to 21 appearances in the NCAA Tournament, including eight trips to the regional final. Regularly awarded Coach of the Year since 1985, in 1993 alone she received the honor from *Sports Illustrated*, *USA Today*, *Converse*, the *Los Angeles Times*, and the Black Coaches Association. Receiving the Carol Eckman Award for exemplary service to women's basketball, she acknowledges as one of her most personally gratifying accolades. Her list of Coach of the Year awards is extensive, but does include: Division I, the BIG EAST Conference in 1998 and 2005, and the Metropolitan Basketball Writers Association for 1998, 1999, 2000, 2005, 2006, and 2008 to name a few. A six-time finalist for the

Naismith National Coach of the Year, she was honored by the U.S. Sports Academy with the naming of its annual award—the C. Vivian Stringer Medallion Award of Sports for Women's Coaching. Since 1980, she has been chosen six times for the USA Basketball coaching staff, serving most recently as an assistant coach helping to create the gold-medal 2004 winning U.S. Olympic Team.

In 2007, her solid leadership was praised worldwide, when a male radio host used racist and sexist remarks to describe her Rutgers team. Her handling of the incident is also credited with helping to recruit one of her best groups of players, including five McDonald's All-Americans. Sometimes called "Queen of the Hardwood," her 2008 book, *Standing Tall: A Memoir of Tragedy and Triumph*, is "a story of quiet strength in the face of punishing odds."

One of the lead organizers in the development of the Women's Basketball Coaches Association, she is the third woman, second coach, and first African-American woman to have a building named for her on the Nike campus. The 35,000-square-foot C. Vivian Stringer Child Development Center will open in June 2008 at the Nike world headquarters in Oregon, with 26 classrooms for 300 children. In a *New York Times* 2007 year-end wrap-up, she was named one of "Five Who Left Their Footprints."

A native of Edenborn, Pennsylvania, and a member of the Alumni Hall of Fame at her alma mater, Slippery Rock University, she and her late husband, William D. Stringer, have three children—David, Janine, and Justin.

DR. NEIL deGRASSE TYSON

The Candidate Will Be Presented by Mrs. Marie C. Johns

Member, Board of Trustees

Dr. Neil deGrasse Tyson is a renowned astrophysicist, and the first appointed to the Frederick P. Rose Directorship of the Hayden Planetarium in 1996 at the American Museum of Natural History in New York City. His tenure at the Planetarium began in 1994 as Staff Scientist. He was named Acting Director in 1995, and also Chair of the Department of Astrophysics, which he created at Hayden in 1997.

He was born and raised in New York City and educated in the public schools there through his graduation from the Bronx High School of Science. He earned a Bachelor of Arts degree in Physics from Harvard University, a Master of Arts degree in Astronomy from the University of Texas at Austin, and his Doctorate degree in Astrophysics from Columbia University.

His professional research interests are broad, but include star formation, exploding stars, dwarf galaxies, and the structure of our Milky Way. He obtains his data from the Hubble Space Telescope, as well as from telescopes in California, New Mexico, Arizona, and the Andes Mountains of Chile.

In 2001, he was appointed by President Bush to serve on a 12-member commission that studied the Future of the U.S. Aerospace Industry. The final report was published in 2002 and contained recommendations (for Congress and the major agencies of the government) that would promote a thriving future of transportation, space exploration, and national security.

In 2004, he was again appointed by President Bush to serve on a nine-member commission on the Implementation of the United States Space Exploration Policy, dubbed the "Moon, Mars, and Beyond" Commission. This group navigated a path by which

the new space vision can become a successful part of the American agenda. In 2006, he was appointed by the head of NASA to serve on its prestigious Advisory Council which helps guide the Space Administration through its perennial need to fit its ambitious vision into a restricted budget.

In addition to dozens of professional publications, Dr. Tyson has written and published extensively for the public. His latest book, a 2007 *New York Times* bestseller, is the playful and informative *Death By Black Hole and Other Cosmic Quandaries*. He is also a monthly essayist for *Natural History* magazine under the title "Universe." Among his eight books is his memoir: *The Sky is Not the Limit: Adventures of an Urban Astrophysicist*; and *Origins: Fourteen Billion Years of Cosmic Evolution*, co-written with Donald Goldsmith. *Origins* is the companion book to and name of the PBS-NOVA 4-part miniseries for which he served as on-camera host. The program premiered in September 2004. In the fall of 2006, he was the on-camera host of PBS-NOVA's spinoff program *NOVA ScienceNow*, which is an accessible look at the frontier of all the science that shapes the understanding of our place in the universe.

He is the recipient of nine honorary doctorates, and the NASA Distinguished Public Service Medal "in recognition of his immense contributions to the public understanding of and appreciation for the importance of space exploration." His contributions to the public appreciation of the cosmos have also been recognized by the International Astronomical Union in their official naming of asteroid "13123 Tyson."

He lives in New York City with his wife and two daughters.

THE CONFERRING OF DEGREES IN COURSE

The order of presentation of Schools and Colleges for the conferring of degrees is based on two factors—the year of establishment of the School or College and the distinction between graduate and undergraduate programs. The first six Schools and Colleges, beginning with the College of Arts and Sciences and ending with the College of Pharmacy, Nursing and Allied Health Sciences, were established between the years 1868 to 1997. Undergraduate programs are predominant in these six Schools and Colleges. The next five Schools and Colleges, beginning with the School of Divinity and ending with the School of Social Work, were established between the years 1868 and 1945. These Schools and Colleges offer professional graduate level programs. The last School listed, the Graduate School, was established in 1934 and offers graduate level programs exclusively.

The appearance of a name in this Program is presumptive evidence of graduation, but it must not in any sense be regarded as conclusive. The diploma of the University, signed and sealed by its proper officers, remains the official testimony of the possession of the degree. THE ALMA MATER

Reared against the eastern sky
Proudly there on hilltop high,
Far above the lake so blue
Stands old Howard firm and true.
There she stands for truth and right,
Sending forth her rays of light,
Clad in robes of majesty;
O Howard, we sing of thee.

Be thou still our guide and stay,
Leading us from day to day;
Make us true and leal and strong,
Ever bold to battle wrong.
When from thee we've gone away,
May we strive for thee each day
As we sail life's rugged sea,
O Howard, we'll sing of thee.

THE PLEDGE

I am a graduate of Howard University.
I am the bearer of the flame
of a Howard University education that has brought
light to many generations.
It is through the indelible love
and support of my family,
and the courage and sacrifices of my ancestors
that I am here today.

I accept the historic trust of their gifts
and pledge to lift others who come after me.

Howard University is my home.
No matter how far I travel from her,
no matter how long I am absent from her,
Howard University is always here for me.
I am defined by the privilege of a Howard University education.
I cannot fail in life; leadership, service, and the search for truth
and right will light my way.
My potential contributions to humankind are unlimited,
and I will give them freely and in abundance.

I am a Howard University graduate.
The opportunity of the Howard University experience
has conveyed to me a responsibility
to assure the strength of this great University.
It is only through my support that the Capstone
can remain strong and focused.
I pledge support and understand
that it is not a matter of choice, but one of responsibility.
I will never forget that responsibility.

I am a graduate of Howard University!

THE MACE

The mace is the ceremonial symbol of the University and is carried by the University Marshal, Dr. Gary L. Harris, Professor of Engineering and Associate Director of the Materials Science Research Center of Excellence. One of the earliest visual images of the mace is on the front-side of the "Narmer Palette" of Ancient Egypt, an oval-shaped cosmetic palette inscribed with human and anthropomorphic figures. King Narmer is depicted on the palette as a mighty conqueror wielding a mace over a symbolic enemy. King Narmer, also known as King Menes or King Midas to the ancient Greeks, unified Upper and Lower Egypt circa 3100 B.C., ushering in the Great Pyramid Building Old Kingdom dynasties (c. 3000-2150 B.C.) of Imperial Egypt. At today's Convocation, the entry of the mace heralds the arrival of the academic procession.

THE BATON

The batons carried by the Marshals and Assistant Marshals of each School are being used to lead the academic procession of the respective Schools and Colleges into and out of the place of the ceremony. The batons are made of wood, painted blue, and tied with red, white and blue ribbons denoting the colors of Howard University.

THE ACADEMIC DRESS

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students used them to keep warm in medieval castles and halls of learning. From these practical origins, they have developed into the accepted garb which symbolizes scholarly achievement.

Baccalaureate gowns have a long pleated front with shirring across the shoulders and back. They are primarily distinguished by flowing sleeves, pointed at the fingertips. These gowns may be worn either open or closed.

The Master's degree gown is worn open, and the sleeve is cut so that the forearm comes through a slit just above the elbow.

Gowns for the Doctorate degree are also worn open. They carry broad, velvet panels down the front, and three velvet bars on the full, round sleeves. This velvet trimming may be either black or the color distinctive of the degree.

Mortar board or caps worn with baccalaureate and master's gowns generally have black tassels. The tassel of the doctoral cap is usually made of gold bullion.

The blue Kente stole worn by the graduates was commissioned for the 1996 Commencement by the University and produced in Ghana. The stole depicts the Nkasewa pattern, which means eloquence, wisdom, and intelligence, and the symbol, Fi-Hankra, means safety, security, brotherhood, and solidarity.

Faculty members and guests in today's procession are robed in gowns and hoods which represent the institutions from which they have received degrees.

The hood gives color and real meaning to the academic costume. Its silk lining bears the colors of the institution conferring the degree. The hood is bordered with velvet of prescribed width and color to indicate the field of learning to which the degree pertains as follows: medicine, green; music, pink; nursing, apricot; pharmacy, olive green; public administration, peacock blue; science, gold yellow; social work, citron; theology, scarlet; architecture, blue violet; arts, letters, and humanities, white; business, drab; dentistry, lilac; education, light blue; engineering, orange; fine arts, brown; law, purple; and philosophy, dark blue.

THE HONORS MEDAL AND HONORS CORDS

The Honors Medal is worn by graduates who have achieved cumulative grade point averages making them eligible for the *cum laude*, *magna cum laude*, or *summa cum laude* honors. The Medal and Honors Cords symbolize that excellence is a hallmark of Howard University. The Medal was commissioned by Howard's President, H. Patrick Swygert, for the 1996 graduating class. Its round shape is enhanced with a gold finish, symbolizing the eternal and universal value of excellence. The center of the seal asserts the mission of the University – "Truth and Service." Encircling the seal is the phrase, "Honors Graduate and Leadership for America," which heralds excellence and the contributions of Howard University to the nation. The silver Honors Cord symbolizes the high academic rank of *magna cum laude*. The gold Honors Cord worn by graduates symbolizes the highest academic rank of *summa cum laude*.

THE TORCH PIN

The Torch Pin symbolizes that responsibility and excellence in leadership have been passed down and entrusted to the graduating seniors. It was commissioned by Howard's President, H. Patrick Swygert, for the 1997 graduating class. Its round shape is enhanced with a gold finish, symbolizing the eternal and universal value of excellence. Encircling the seal is the phrase, "Howard University – Bearers of the Torch," which emboldens graduates to go forth in the Howard tradition to serve as beacons of hope and light in their respective communities.

THE UNIVERSITY'S HONORARY DEGREE MEDALS

The University's Honorary Degree Medals worn today by our distinguished honorary degree recipients were formally presented to them at the annual "President's Dinner" held last evening in their honor at the Four Seasons Hotel in Washington, D.C. These medals commemorate the high esteem and honor bestowed upon them as honorary degree recipients at Howard University's 140th Commencement Convocation.

THE PRESIDENTIAL CHAIN OF OFFICE

The Presidential Chain of Office, worn by President Swygert, was presented to the University on the occasion of the Centennial Celebration in 1967 by the late Trustee Emeritus, Herman B Wells, and his late mother, Mrs. Granville Wells. The chain symbolizes the current and past holders of the office of President. The basic material of the chain is sterling silver, plated with hard gold. Both the University Seal and the Centennial Seal are appended to the chain.

LIFT EVERY VOICE AND SING

Lift every voice and sing,
Till earth and heaven ring,
Ring with the harmonies of Liberty;
Let our rejoicing rise,
High as the listening skies.
Let it resound loud as the rolling sea.
Sing a song full of the faith that the dark past has taught us,
Sing a song full of the hope that the present has brought us;
Facing the rising sun of our new day begun,
Let us march on till victory is won.

Stony the road we trod, bitter the chastening rod,
Felt in the days when hope unborn had died;
Yet with a steady beat, have not our weary feet,
Come to the place for which our fathers sighed?

We have come over a way that with tears has been watered,
We have come, treading our path through the blood of the slaughtered;
Out from the gloomy past, till now we stand at last
Where the white gleam of our bright star is cast.

God of our weary years, God of our silent tears,
Thou Who has brought us thus far on the way;
Thou Who has by Thy might, led us into the light,
Keep us forever in the path, we pray.

Lest our feet stray from the places, our God, where we met Thee,
Lest our hearts, drunk with the wine of the world, we forget Thee,
Shadowed beneath Thy hand,
May we forever stand,
True to our God,
True to our native land.
