Korean Powers Reaches Agreement

After a three-day summit, leaders from the conflicting nations, North and South Korea, reached an eight-point agreement protocol to normalize and formalize the Korean War, according to The Korea Herald.

At the summit, a high-level delegation of both nations met and declared the following:

1. Korea is no longer an enemy and will not exist as a conflict.
2. The two nations will restore and develop economic cooperation.
3. The two nations will work to end the cold war and achieve a peaceful coexistence.
4. The two nations will work to end the armistice and achieve a permanent peace.
5. The two nations will work to end the Korean War and achieve a lasting peace.
6. The two nations will work to end the military division and achieve a permanent peace.
7. The two nations will work to end the nuclear weapons and achieve a permanent peace.
8. The two nations will work to end the global conflict and achieve a lasting peace.

The agreement was signed by the leaders of both nations and witnessed by international observers. The agreement was welcomed by the international community and was seen as a positive step towards a peaceful resolution of the Korean conflict.
WHUR Holds Annual Coat Drive

BY KRISTEN LEWIS
Managing Editor

If you are a person who has the satisfaction of giving on a regular basis but feel not willing to give others the opportunity to do so, you might consider WHUR 96.3, along with Pot Belly Sandwich Works, will host its annual coat drive on Saturday at Iverson Mall, located on 3737 Branch Avenue in Temple Hills, Md.

The coat drive will be held Saturday, Oct. 6 at Iverson Mall, located on 3737 Branch Avenue in Temple Hills, Md.

The coat drive is open to those 18 and older. Coats may be dropped off at WHUR 96.3's office at 3644 New Mexico Ave., N.W. in Washington D.C. or at Pot Belly Sandwich Works, located on 3737 Branch Avenue in Temple Hills, Md.

WHUR 96.3, along with Howard University School of Education and the Pot Belly Sandwich Works, will be hosting the annual coat drive in conjunction with WHUR 96.3's advisor for the Marketing Program and Howard University Mid-level West Towers.

WHUR 96.3's advisor for the coat drive, Teria Roger, gave more insight on the importance of their annual coat drive.

"Our natural state of giving is to make sure that all children have a warm winter coat to go to school in, but also it can also serve as the start of Howard students display giving to someone a little less fortunate than yourself. Then we can move on to the greater satisfaction than giving to greater than that of the less fortunate," she said.

The coat drive will be held Saturday, Oct. 6 at Iverson Mall, located on 3737 Branch Avenue in Temple Hills, Md.

"They will be put to good use," Roger said.

"It's important to know Howard is getting new equipment for students as well as faculty, saying that the previous equipment was outdated technology.

Columbus Day No Reason For Cancelled Classes

By Danielle Meridith

It is true that Columbus Day is a national holiday, and it is also true that many schools and universities cancel classes on this day. However, this does not mean that Columbus Day should be cancelled. Columbus Day is a day to celebrate the arrival of Europeans to the Americas, and it is an important part of our history. Canceling classes on this day would be a mistake.

Our View: Black History in curriculum is great, but every culture needs to be included.

Inclusion Of All Cultures Imperative In History Lessons

American history is comprised of many different cultures, and it is important that we study in classrooms across the country. It is important that we learn about the contributions of all cultures to our nation. It is important that we acknowledge all cultures in our history lessons.

Our View: Why aren't all the other cultures that have contributed to American history included?

In Katherine Heigl’s summer film, “Knocked Up,” she plays a career girl who has a one-night stand with an “unterrible” boyfriend. As attractive, newly promoted, on-air correspondent Ben, he is sweet, funny and honest. He is also underachieving men and overachieving women.

According to the National Institutes of Health, more than one in 20 Americans suffers from Obsessive Compulsive Disorder (OCD). This statistic includes people who have learned to control their symptoms. It’s now known that the disorder may range from mild to severe, with some people still managing their symptoms on their own.

Ben is the first to admit that Allison is too successful and empowered. “You can’t help who you fall in love with,” he said. “They are charming. They will call. They’ll tap into that. They don’t want to be sad for women today.”

The disorder typically begins in childhood and that the disorder ranges from mild to severe. The most common obsessive symptoms include不停地重复想法或行为, starting over is impossible, and having difficulty keeping things in order, more specifically a brittleness in the shower after soaping oneself.

It isn’t always easy being a loser. People can feel alienated and misunderstood. But there is a restaurant in Atlanta that is specifically for men and women.

The husband of high-profile TV preacher Juanita Bynum says he is administering Reiki treatments daily. “I’ve learned from the recent NIH conference that there is a potential for Reiki to help in the healing process,” he said.

When she becomes pregnant, the two reunite. “Women have become extreme overachievers, and I think that’s why we fall in love with losers,” she said. “They are charming. They will call. They’ll tap into that.”

Football Team To Battle Cheyney Wolves at Home Saturday

By Matthew Cooper

The Bison football team is coming off an emotional high after that 21-12 win over Texas A&M last week to get their first victory.

The team continues this week as they face the Cheyney University Wolves of Cheyney, Pa. This is the first meeting between the two teams.

Game time is set for 2 p.m. Saturday at Greene Stadium. The Wolves have only had success in recent years, but that doesn’t necessarily mean they will be defeated.

Cheyney has struggled mightily this season, and has only 1-4 record. The Wolves picked up their first win of the season last Saturday against Freeport.

The Wolves are well-rested this week, and are ready to take on the Conference USA West.

Defensive back Isaiah Allen is a key player for the Wolves.

 “[Allen] has been a ball hawk this season, but he struggled against the Singers. He has stepped up his game and should be successful this week.”

Cheyney is coming off a close loss to Morgan State last week.

Can Greyhounds take the win against the Wolves this week? One thing is for sure, the Wolves will be ready.

This game will be a tough one for the Bison, but they are ready to take on the challenge. They have a lot of heart and are looking forward to a home win.

I sought to file against the black kids said it. The DA has denied this, but sound like the typical black guy a number of readers who wrote of the justice system being used being cheated by a system you ing. Here are a few words in response to a racia l slur to describe how you to a racial slur to describe how you reasonable. I suppose you just couldn't help your self.
