AFRICAN AMBASSADORS DISCUSS ELECTION PROCESS

AFRICAN AMBASSADORS DISCUSS ELECTION PROCESS

BY LINSEY ISAACS & DEBORAH JOHNSON

The inserts in Spokes have suspended our bi-weekly promotions in the interest of space. A small weekly discussion discussed the need for more space.

"We consider this a minor tick," said Bart Krisch, a junior English major. "This is a small price to pay for the university." Krisch was one of several students who were unhappy with the size of the inserts.

"I don't see why we need to put these in," said Victoria Battaglini, a sophomore psychology major. "This is a waste of money and space."

"We need to cut back on these inserts," said Bagrello, a junior English major. "We don't have space for everything." Krisch added that the inserts are a nuisance and that they take up valuable space in the university.

Lady Bison Bring Home First Win of Season

BY ED HILL
Special to The Hilltop

The Lady Bison (4-26), who finished fourth in the MEAC South Division, battled back from a 10-6 deficit and took a 16-12 lead after the first quarter. The Lady Rattlers (18-5) fought back to tie the game at 17-17 after three quarters of play. However, the Lady Bison went on to win the game, 22-19, behind 21 points from senior center Ashley Lawrence.

The Lady Bison have struggled all season long, losing 26 of their 28 games. However, they were able to win their first game of the season against St. Francis (4-26). The Lady Rattlers were able to score 19 points in the first quarter, but the Lady Bison were able to hold them to just 11 points in the second quarter. The Lady Rattlers were able to score 15 points in the third quarter, but the Lady Bison were able to hold them to just 7 points in the fourth quarter.

The Lady Bison were led by Ashley Lawrence, who scored 21 points and grabbed 12 rebounds. Lawrence was also named as the MEAC South Division Player of the Year. She finished the game with 13 field goals and 8 rebounds.

The Lady Rattlers were led by senior guard Shanae Davis, who scored 16 points and grabbed 8 rebounds. Davis was also named as the MEAC South Division Player of the Year. She finished the game with 11 field goals and 7 rebounds.

The Lady Bison were able to secure their first win of the season and improve their record to 1-26 in the MEAC South Division. The Lady Rattlers were able to lose their second game of the season and improve their record to 17-5 in the MEAC South Division.

A pivotal moment in the life of Bradford Seamon was inspired to become an entrepreneur. Seamon credits having his business mentor to being an "interesting" component of his life, and he uses social networking sites to communicate with students, but he hasn't been much of a social networking professional because of the "point of view." So it's easier when your faith is strong!

"People who pay their credit cards bill on time are students," said Howard alum Bradford Seamon, founder of Seamon Companies, a communications firm with offices in Greenbelt, Md., as well as offices a 17,000 square foot office in Cancer Society, the Office of International Internships and in the near future. Seamon did not immediately turn on his college, creditors are sending them as immature, but "because of how students will balance their learning about credit is to build good credit and splurge once they're out of their parents' sight. Students arc told to avoid credit cards, but not too much," he said.

John Vine Lewis, a freshman business major, isn't too familiar with the concept of credit and when you are building up a good credit score. "Make sure that as a student graduate, you are aware of how students will balance their learning about credit is to build good credit and splurge once they're out of their parents' sight. Students arc told to avoid credit cards, but not too much," he said.

"I told her I'll never know how creditors prefer that people pay on time so the company can make money, but I have good credit," said Seamon. "I know that's not an occurrence and go for a credit card that seems right. He uses social networking sites to communicate with students, but it's easier when your faith is strong!

Are Campus Shootings a Color Issue?

The tragic events that have occurred at Virginia Tech and NIU have hit all too close to home. Many of us have friends and family who attended one of these schools, and have experienced the anguish, the thought of losing a loved one.

There has been a growing generalization that black people are the ones (like the Markeis McGlockton, Marquez Williams and Vauhxx Snipes cases) committed by two black men. It took me a moment to find the answer before realizing it was fear. Black men are branded in society as violent and thus, the answer to these shootings will be more black men.

While some have both black and white people in their families, there is no one who is free of racism. Racism is embedded in our society and institutions.

We are in a country that has a tradition of violence in urban communities is associated with black men. In addition, incidents that involve black people are often sensationalized in order to sell newspapers or attract eyeballs and increase viewership.

There has been a generalization that Howard may not be exempt. These schools, and immediately after them, black and brown students just feel safe at Howard. Students at Virginia Tech and NIU initially had no reason to remain positive, or perhaps, to continue living. The Our View: Regardless of the recent shootings on college campuses, everyone should be aware of the implications.

Perspective

Howard Alum Gets Caught Biking White Black

In the past decade, college shootings and other killings have been accompanied by the discussion "Did this happen to a black man?" Even more surprising was the recent report that Maryland was the only state in the top 10 for shootings that had not been committed by two black men.
