Somewhere In New Guinea

Dear Mr. Nabritt:

Am enclosing return address-card as I am sure it will get there much sooner – Am using my address of my organization- even though I've now been away from there- for a few weeks- At present I am now at the above named hospital but hope it won't be for long.

My regards to Mrs. Nabritt and Dr. & Mrs. Johnson, as well all Howardites in general.

Thanks again for writing, and with best of wishes for a greater and better Howard, not only in 1944, but in the future years to come.

Very truly yours,
Conrad Clark

P.S. Mr. Nabritt:

Am enclosing a few clippings-which if you haven't seen before- might be of interest to you-especially in reference to the "hospital headed by a former Howardite".

C.C.
