

31<sup>st</sup> WAC Hospital Co.  
England General Hosp.  
Atlantic City, N.J.

Dear Sirs:

I am a graduate of Howard University in the year 1944, June. This year as in the years past I have enjoyed looking forward to attending the annual Lincoln-Howard Thanksgiving game, and would like to attend again this year. Would it be possible for you to send me as soon as possible information concerning the game—where it will be- when it will be, and the price of admission. Will it be possible to get student rate? My roommate and two other WACs wish to attend also.

Please send me this information.

Here in the WACs I am in training as a student dietician and expect to receive my commission as a dietician by April of 1946. It has been both interesting and profitable for me to belong to this organization, for I have gained a variety of experiences in the field of dietetics that could not have been afforded me as a civilian. Just as now, I am working under a dietician who spent thirty (36) months overseas in a hospital where clinical diet therapy cases were varied and many; and she gives me as problems (homework) many of the actual cases that she was confronted with overseas. Such as this will be very beneficial to me when I am out in the field and in a responsible position.

You will hear from again soon.

Sincerely yours,

Essie Marie Crowell
