Somewhere in Italy

Dear Sir:

Thanks for the interesting news about Howard. I am always anxious to know what's going on in politics and at home. It's nice to know that one's alma mater is still thinking of the older graduates who are in many branches of the armed service today.

After the war is over I hope to return to my teaching back in Washington, D.C.

Best wishes to you and all who are a part of Howard Univ.

Sincerely Yours,

James W. Jones
