

Headquarters
99th Fighter Squadron
A.P.O. 650 c/o P.M. N.Y. N.Y.
28 May 1944

Dear Mr. Nabrit,

I was indeed happy to receive the newsy letter that Otto suggested sending to Howardites in the armed forces. Just the other day somewhere in Italy I met and talked at length with Major Hyman Chase. Most of our talks was about the good old days back at H.U.

My job as executive officer of the squadron is that of coordinating the air and ground personnel work. The work is most interesting and I can say without bias that our flyers, ground officers and enlisted men are doing a job second to none. Our flyers daily go on combat missions. Our ground personnel work from sunup to sundown sending them over the enemy lines. Our cooks run a mess in which one meal runs into another. Our enlisted me also have built themselves a club which rivals anything in D.C., all from scrap.

Well, it is getting dark now I will have to close. Send me the bulletin and all future copies of the newsy letter.

Sincerely,
Henry Letcher
Capt. A.C.

P.S. Greeting to all Howardites everywhere from me. Also please pardon mistakes I can do better.
