Dear Mr. Nabrit,

Just a cue to say hello and to thank you for the beautiful Xmas card received today. I have been in France for sometime, and so far, so good. First it was Ireland, Scotland, Wales, England now France. Whether I get the opportunity to see Belgium and Germany I can't say, but would like to see in see it has been a most interesting experience.

Here wishing you and yours the best of everything in 1945, and with kindest personal regards

Best most cordially wishes

Sincerely,

Earl W. Howard
