

ON THE HILL

DOUGLASS HALL

*In Douglass, the minutes and hours we spent,
The toil, the work, the sweat,
The profs we had, the friends we made
We never can forget.*

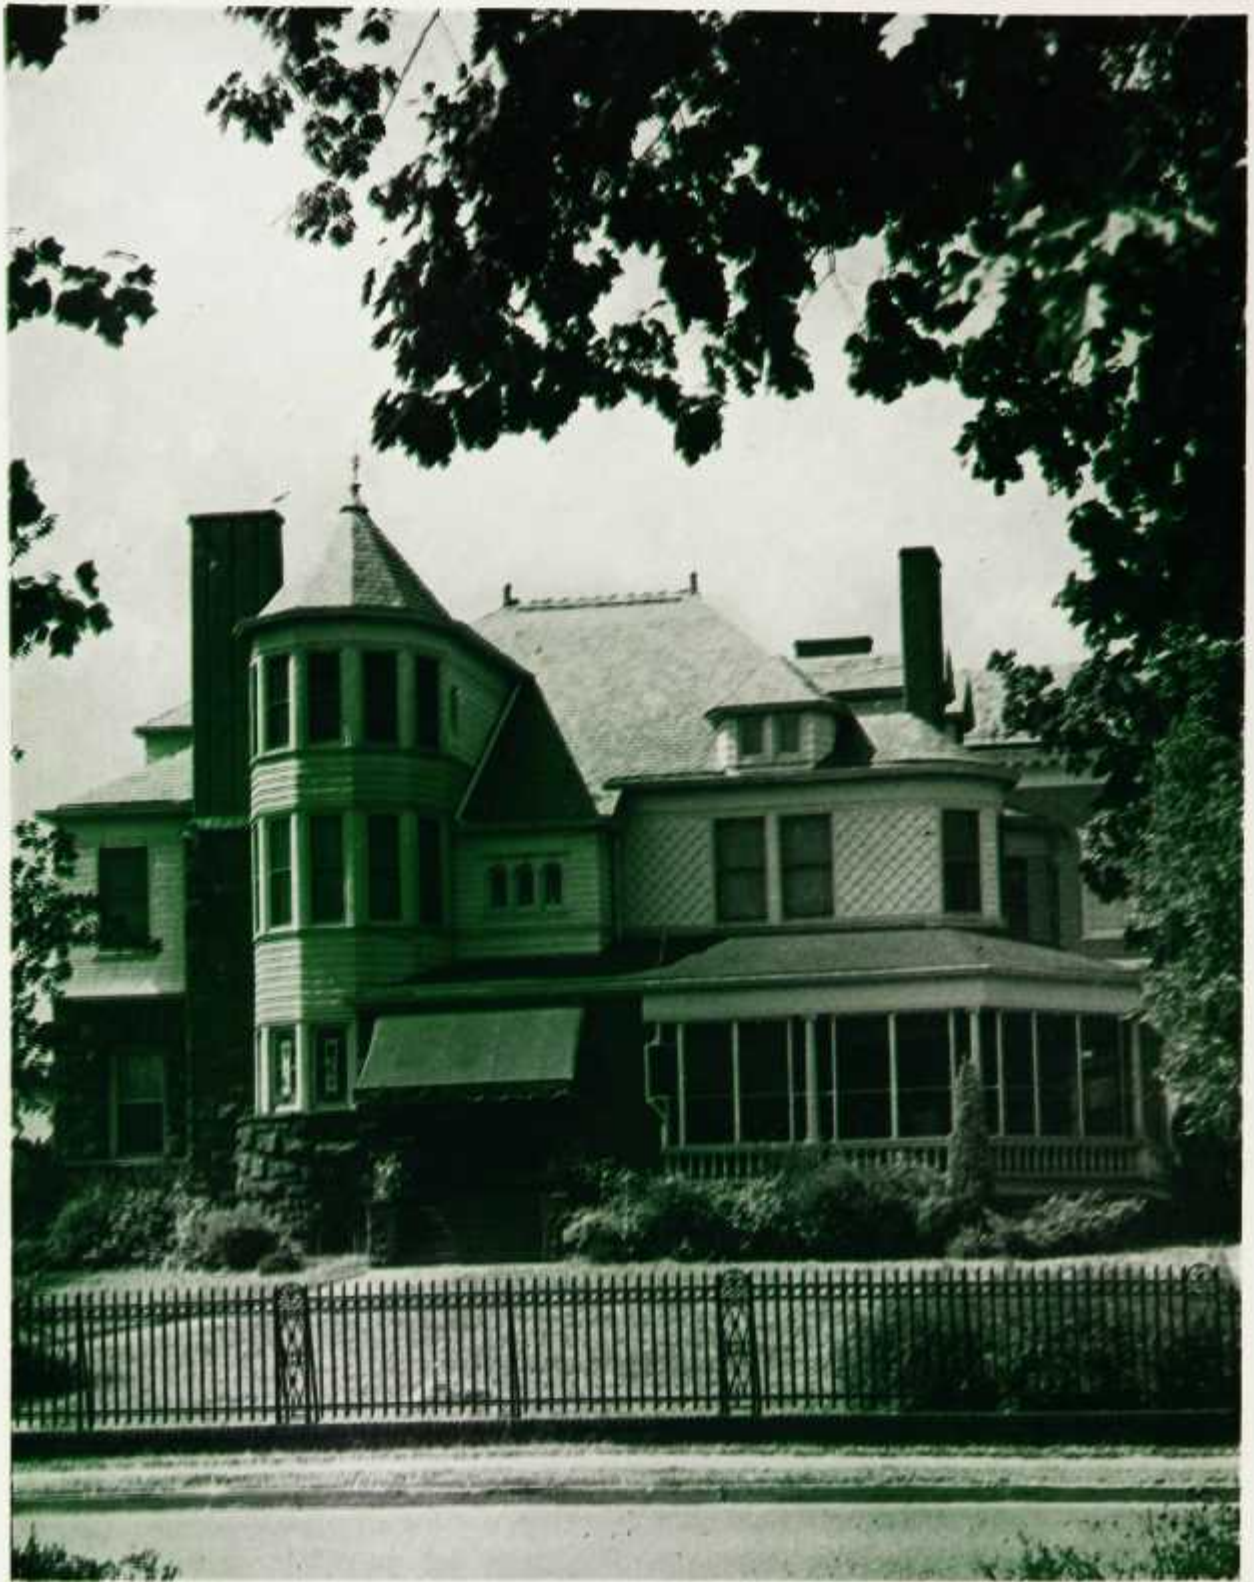

THE GYM

*The gym's a gem of memories
Of dances, sports, and such,
Of hygiene classes, swimming teams
Of bones that ached too much.*

SCHOOL OF RELIGION

*In old Carnegie Libr'y
The School of Religion teachers
Are training for this sinful world
A much needed group of preachers.*

THE PRESIDENT'S HOUSE

*Abode of the prexy—
A wonderful view.
It's large you say?
His family is, too.*

SCHOOL OF ENGINEERING

*Our School of Engineering
Aiding in the fight,
Is helping good ole Uncle
To set this world to rights.*

WOMEN'S DORMITORIES

*These dorms have a great attraction;
None can with them compete.
Here live the fairest of the fair,
The sweetest of the sweet.*
