

22 March 1945

Dr. Mordecai W. Johnson

Dear Pres,

Your Christmas greetings mailed on November 28, 1944, after a long and devious journey throughout the islands in the pacific finally caught up with me back here in the states.

It was mighty swell of you to remember us who have been absent so long and so far away from old friends and old familiar places. Your kind wishes and thoughts are great [illegible] in [illegible] the demanding stresses and strains of war.

Sincerely,
Walton C. Jackson
